OFFICE OF THE MAYOR
CITY OF CHICAGO

May 22, 1963.

To the Honorable Members of the City Council:

GENTLEMEN—I hereby call a Special Meeting of the City Council to be held on Friday, May 24, 1963 at 10:30 A.M. in the Council Chamber on the 2nd floor of the City Hall, at which time we will discuss the report and recommendations on Revenues for the City of Chicago, as contained in the Report of the "Citizens' Committee on Chicago Revenues and Expenditures."

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—MAYOR'S SPECIAL MESSAGE ON TAXES AND REVENUES.

Honorable Richard J. Daley, Mayor, read to the City Council the following special message on taxes and revenues, which was, on motion of Alderman Keane ordered published in the Council Journal:

To the Honorable the Members of the City Council:

Last January, I appointed a Citizens Committee on City Revenue and Expenditures.

The purpose of the committee was to study the question of a Corporate Fund Property Tax rate limit and alternative proposals in relation to revenue resources and expenditures of the City of Chicago.

In my inaugural speech I stated that when the committee had completed its study and presented its recommendations I would submit to the City Council a special message on taxes and revenue.

This special meeting of the City Council has been called for that purpose—to submit my recommendations based on the committee's report for your consideration and approval.

At the outset—on behalf of the people of Chicago—I express my deep appreciation for the civic contribution made by the members of the committee: the Chairman Charles F. Conlon, Executive Director of the Federation of Tax Administrators; Vice Chairman Simeon E. Leland, Dean of Northwestern University's College of Liberal Arts; J. Wesley Blades, President of the Civic Federation; John M. Ducey, President of the Institute of Urban Life; John W. Baird, President of the Metropolitan Housing and Planning Council; Edward C. Logelin, President of the Chicago Association of Commerce and Industry; James C. Downs, Jr., President of Real Estate Research Corporation; William A. Lee, President of Chicago Federation of Labor; George N. Leighton, Attorney; Virgil Martin, President of Carson, Pirie Scott & Co.; William L. McFetridge, General President of the Building Service Employees International Union; Joseph Meegan, Executive Director of the Back of the Yards Council; Harry W. Gahagan, Former President of Chicago Real Estate Board; and ex officio members City Comptroller Alvin Weber, and Budget Director Arthur G. Lindell; and all the members of the staff who assisted them.

The committee, representing a cross-section of our community, put in many hours studying issues which directly affect every citizen of Chicago.

The committee, after spending months studying the city's expenditures and revenues, issued its report last Monday. The majority findings were approved by Messrs. Conlon, Leland, Ducey, Baird, Downs, Lee, Leighton, Martin, McFetridge and Meegan. The minority report was issued by Messrs. Blades, Gahagan and Logelin.

When I appointed this committee, I stated the committee report would be given my full consideration, and after a thorough examination of their findings, I am recommending for approval to the City Council the recommendations of the majority report.

A copy of this report has been given to every Alderman. I would like to briefly discuss the primary points.

The committee in its majority report recommends "That a Corporate Fund Tax rate limit of $1.16 be enacted but only if, concurrently with such action, the City Council is authorized to exercise substantial non-property tax powers. While accepting the principle of the tax rate limit subject to that qualification, the committee strongly emphasizes the point that a tax rate limit by itself will not bring property tax relief. The only practical way to do this, while at the same time insuring that the vitally important Corporate Fund has fiscal resources commensurate with its requirements, is to broaden the city's non-property tax revenue powers. The committee suggests a number of possibilities for consideration in that connection."

An increase in the Retail Sales Tax rate to one percent; the levy of an Occupational Tax measured by wages and salaries of residents of the city and by earnings of non-resident individuals from services performed in the city at a rate not to exceed one percent; the use of the city's license powers for General Revenue purposes; the enactment of a Tax on Cigarettes at a rate not to exceed 3¢ per package; and the enactment of an Excise on the sale or use of distilled spirits at a rate not to exceed 50¢ per gallon or on alcoholic beverages generally at a rate not to exceed some designated percentage of applicable State Tax rates.

There was no unanimity among the membership of the committee as to a preference among the several sources of non-property tax revenue.

The majority report declared that a referendum should not be required for either the property tax rate ceiling or the broadening of the city's non-property tax rate powers.

The report repeatedly emphasized that the city's only source of revenue for meeting the changing needs of the Corporate or Operating Fund is the Property Tax.

In 1955, the Legislature—at the request of this administration—granted the city and other municipalities in the State a permissive one-half cent Sales Tax and Public Utility Tax.

However—although these non-property taxes provided some relief—they failed to provide for a substantial number of vital government services.

For example, the appropriation for the Chicago Police Department in 1963—which includes the cost of additional manpower . . . equipment . . . and to meet the recommendations made by Superintendent O. W. Wilson amounted to $87,000,000. The total amount of the Sales Tax was approximately $25,000,000, and the revenue from the Public Utility Tax was approximately $34,000,000.

Simple arithmetic shows that these sources of revenue did not pay for the Police Department alone.

As one looks back over the past eight years in the City of Chicago, it is obvious that there could have been little improvement in the Police Department . . . in fire protection . . . in streets and sanitation . . . in garbage disposal . . . or in health services—without substantially increasing the Property Tax.

There is nothing so unpopular as raising taxes—but, as Mayor of Chicago, it is my responsibility and it is the responsibility of the City Council to provide city services that are essential to the welfare and well-being of the citizens.

As the report points out, the City Council had no choice in the way of obtaining additional revenues. The expenditures to improve these services had to be financed from the Property Tax, because the city did not have the authority to vary the Retail Sales Tax or the Utility Tax rate or to impose other types of non-property taxes or to use its licensing power for revenue purposes.

This is not only true of the City of Chicago but it is true of all of our municipalities in the State who must place the burden of improving government on the property owner because there is no alternative source of revenue to meet the needs of the citizens.

A basic premise of the majority report is that a municipality must be in a position to be able to obtain revenues to meet essential needs that can be reasonably anticipated.

One of the basic reasons why the City of Chicago services were inadequate for a long period of time before 1955 was because it did not have the sources of revenue to meet essential needs.

The Police and Fire Departments were undermanned . . . our city streets were dirty . . . the Building Department could not enforce codes and help to eliminate slum dwellings . . . the Health Department could not launch programs to meet public needs . . . and our physical facilities were out-worn and inadequate.

Nothing is so costly as deferred maintenance. the city's lack of power to raise revenues because of pegged levies . . . tax ceilings . . . and lack of other revenue sources . . . prevented necessary maintenance, with the result that when urgent needs were met it was at substantially increased costs to the taxpayer.

All of our municipalities are facing increased demands from the citizens. There is no question that labor costs will increase in the future. We must continue our program to eliminate slums . . . we must meet the health needs of an aging population . . . to carry out programs of youth welfare . . . air pollution . . . and to create conditions which will bring new industry and more jobs to Chicago.

Cities should have the right to decide for themselves what services they require without asking for State permission for each new undertaking. Local government should have the authority to raise revenues without being required to beg funds for the services they need from men who are unfamiliar and remote from local problems.

The majority report raises the essential issue—"What can be done to prevent the loading of all or a substantial proportion of our future increase in costs on the property; the Property Tax, while making certain at the same time that the city will have revenue sources commensurate with its reasonably anticipated needs."

It is the view of the committee that enactment of a Property Tax rate limit will not in itself achieve these ends and the majority report recommends that the only policy that will be effective in reducing the present dependence on property taxes, while at the same time enabling the City Council to meet its responsibilities now and in the future, is one that calls for substantial broadening of the city's non-property revenue powers concurrently with the imposition of a Property Tax rate ceiling. There is no question that the same policy can be applied to all the municipalities in the State of Illinois.

The report recognizes the fact that Chicago is one of the major governmental entities in the Nation and that its population is greater than 33 of the 50 States.

It points out and I quote: "Despite its size, its prominence in the governmental structure of the United States, and its problems and responsibilities, the governing body of the City of Chicago is practically powerless to choose from among alternative sources of revenue in order to equitably apportion necessary increase in the tax burden. It is the only jurisdiction of its size in the Nation where the power to raise additional revenues other than from property taxes is so narrowly circumscribed."

After analyzing and reviewing the committee report, I recommend that the City Council request the General Assembly on behalf of the People of Chicago and the overburdened Property Tax payers of our city to grant permissive authority for the following non-property tax sources:

(1) Permissive legislation for an increase of one-half cent in the Retail Sales Tax.

(2) Permissive legislation for a tax on cigarettes at a rate not to exceed three cents per package.

(3) Permissive legislation for an Excise Tax on the sale or use of distilled spirits at a rate not to exceed fifty cents per gallon or on alcoholic beverages generally at a rate not to exceed some designated percentage of applicable State Tax rates.

With these new revenue measures, municipalities could prevent increases in the Property Taxes and in many instances could reduce Property Taxes.

These revenues would put the municipalities in a position which would make it possible for them to meet their responsibilities now and in the future without raising the Property Tax.

This is the real issue. It is not the tax ceiling that will bring relief to the property owner. As the majority report points out: "Pragmatic studies of property tax rate limitations generally show that the stabilizing effect of this device on property tax burdens is largely illusory; that in the long run it does not by itself hold down property taxes."

In Illinois and Cook County there are many examples where property taxes have increased steadily despite the property tax ceiling and, in fact, Chicago real estate taxes are lower than many suburbs and towns.

If the City Council approves the recommendations of the committee and the proposals we have submitted, I urge every home-owner . . . every community improvement association . . . every taxpayer, who genuinely desires to lighten the burden of the real estate tax and to insure that property taxes will not rise—to actively petition his representative in the legislature to grant to the municipalities of Illinois these non-property tax sources.

Let us not be confused by those who desire to confuse the issues for their own purposes. There is no escape from the blunt reality that unless there are other sources of revenue to meet the needs of our municipalities, property taxes cannot be reduced. Property taxes will be destined to rise.

This is not a partisan, political issue. This is of direct importance to every citizen of our State.

In this crucial period of history when we are faced with so many challenges on so many fronts, there is a continuous demand made upon our citizens of their resources. It is to the credit of the American people and it is the secret of our strength as a democracy that Americans have met the challenges thrust upon them.

There are many situations which are difficult for us to understand, but here at home we can fully understand the challenge that demands we make our neighborhoods and communities decent places in which to live, work and worship. That is our goal, and to achieve that goal I know we have the support of all the people of Chicago.

WHEREAS, God, in His infinite wisdom, has taken from this earth Mr. George D. Gaw, a long-time leader in the business community of Chicago; and

WHEREAS, Mr. Gaw served the City of Chicago well in the role of "City Greeter" during the administration of the late-Mayor Anton J. Cermak; and

WHEREAS, In this role he welcomed to Chicago distinguished visitors and put forth every effort to see that they had every opportunity to become familiar with our city and its people; and

He also noted Mr. Gaw's unfailing interest in numerous civic affairs.

Honorable Richard J. Daley, Mayor, thereupon addressed the Council, paying tribute to the late City Greeter, who had served as a gracious host to the many important persons who had visited Chicago during the administration of the late Anton J. Cermak.

WHEREAS, The Mayor and the members of this City Council were grieved to learn of the death of Howard L. Willett on May 9, 1963; and

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of the intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of

the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street lines of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone as spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three-wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roler shall progress gradually towards the center of the roadway, uniformly lapping each proceding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screening have been applied to completely fill the interstices. The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screenings and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screenings and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, throughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140° F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specifications for Emulsified Asphalt R.S. 1 and R.S. 2 Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: the asphaltic mix shall consist of a mineral aggregate bonded with an asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Courses, Fine Dense-Graded Aggregate Type.

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. sieve	45-65%
Passing No. 4 retained on No. 10 sieve	10-30%
Passing No. 10 retained on No. 40 sieve	5-18%
Passing No. 40 retained on No. 50 sieve	7-22%
Passing No. 80 retained on No. 200 sieve	5-13%
Passing No. 200 sieve	4-8%
Bitumen	5-7%

(Table 45. 11p. 247 State Specifications.)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6, Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) contimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute

at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches. Immediately after the asphalt surface course shall be spread it shall be compacted thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly and uniformly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersections only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material. Additional masonry where necessary.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 2. That the recommendation of the Board of Local Improvements of the City of Chicago, providing for said improvement, togeher with the estimate of the cost hereof, including the lawful expenses attending the same, made by the engineer of said Board both hereto attached, be and the same are hereby approved.

Section 4. That the aggregate amount herein ordered to be assessed against the property, and also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of five (5) per centum per annum according to law until paid.

Section 5. That for the purpose of anticipating the collection of the second and succeeding installments of said assessment for said improvement (excepting such part, if any, that is chargeable to the City of Chicago for public benefits to public lands), bonds shall be issued payable out of said installments bearing interest at the rate of five (5) per centum per annum, payable annually, and signed by the Mayor and by the President of the Board of Local Improvements, countersigned by the City Comptroller and attested by the City Clerk under the corporate seal of the City of Chicago. Said bonds shall be issued in accordance with and shall in all respects conform to the provision of the Act of the General Assembly of the State of Illinois, entitled "An Act Concerning Local Improvements", approved June 14th, A. EXHIBIT "B"

Requisition Agreement No. 6 (herein called "Requisition Agreement") relating to the time of a certain Project Temporary Loan payment to be made by the United States of America to the City of Chicago which payment will be evidenced by Project Temporary Loan Note No. 7.

Whereas, the Chicago Land Clearance Commission entered into a contract dated as of the 12th day of February, 1958, and numbered Contract No. Ill. R-8(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $1,934,017, to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. R-8; and

Whereas, all the rights, duties, obligations, powers and liabilities of the Chicago Land Clearance Commission under said Loan Contract were assigned and transferred to the City of Chicago, a body corporate and politic duly organized and existing under the laws of the State of Illinois (herein sometimes called the "City"), pursuant to an Agreement of Novation by and among the City of Chicago, the Chicago Land Clearance Commission and the United States of America, and dated June 30, 1962; and

Whereas, in accordance with the Loan Contract, the Government has agreed, pursuant to an outstanding requisition agreement (herein called the "Outstanding Requisition Agreement") with the City, to make, on the 21st day of June, 1963, a payment on account of said Project Temporary Loan (to be evidenced by Project Temporary Loan Note No. 6 of the City, herein sometimes called "Old Escrow Project Temporary Loan Note") which has been pledged for the payment of the principal of and interest upon the Preliminary Loan Notes (Fifth Series D) of the City (herein called the "Outstanding Preliminary Loan Notes"); and

Whereas, in accordance with the Loan Contract, the City has filed with the Government and the Gov-

ernment has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a new Project Temporary Loan payment thereunder in the amount of $961,000.00 (said amount being hereinafter called the "Requisition Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

Whereas, the City is able to obtain a short-term loan from sources other than the Government in the amount of $928,000.00, at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Notes of the City, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes; (2) in substitution for the Project Temporary Loan payment which the Government has agreed to make pursuant to the Outstanding Requisition Agreement; and (3) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

Whereas, pursuant to said determination, the City on the 29th day of May, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $928,000.00, the Execution of Requisition Agreement No. 6, and the Execution and Delivery of Project Temporary Loan Note No. 7, in Connection with Project No. Ill. R-8 authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Sixth Series D), herein called the "New Preliminary Loan Notes"; and

Whereas, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

Whereas, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 7 (herein called the "New Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the New Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said New Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Requisition Agreement, and has accepted deposit of said New Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth:

That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of Nine Hundred Fifty-Three Thousand Five Hundred Forty-Nine and 87/100 Dollars ($953,549.87), for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 11th day of June, 1964 (or if the Government desires and the City consents thereto, at any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1-19, inclusive, Sixth Series D, $942,923.27; said Paying Agent being the Harris Trust and Savings Bank, 111 West Monroe Street, Chicago, Illinois.

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

EXHIBIT "B"

Requisition Agreement No. 6 (herein called "Requisition Agreement") Relating to the Time of a Certain Project Temporary Loan Payment to Be Made by the United States of America to the City of Chicago Which Payment Will Be Evidenced by Project Temporary Loan Note No. 7.

Whereas, the Chicago Land Clearance Commission entered into a contract dated as of the 30th day of June, 1958, and numbered Contract No. Ill. R-20(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $2,414,168 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. R-20; and

Whereas, all the rights, duties, obligations, powers and liabilities of the Chicago Land Clearance Commission under said Loan Contract were assigned and transferred to the City of Chicago, a body corporate and politic duly organized and existing under the laws of the State of Illinois (herein sometimes called the "City"), pursuant to an Agreement of Novation by and among the City of Chicago, the Chicago Land Clearance Commission and the United States of America, and dated June 30, 1962; and

Whereas, in accordance with the Loan Contract, the Government has agreed, pursuant to an outstanding requisition agreement (herein called the "Outstanding Requisition Agreement") with the City, to make, on the 21st day of June, 1963, a payment on account of said Project Temporary Loan (to be evidenced by Project Temporary Loan Note No. 6 of the City, here sometimes called "Old Escrow Project Temporary Loan Note") which has been pledged for the payment of the principal of and interest upon the Preliminary Loan Notes (Fifth Series F) of the City (herein called the "Outstanding Preliminary Loan Notes"); and

Whereas, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a new Project Temporary Loan payment thereunder in the amount of $1,132,000.00 (said new payment in said amount being hereinafter called the "Requisitioned Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

Whereas, the City is able to obtain a short-term loan from sources other than the Government in the amount of $1,112,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Notes of the City, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes; (2) in substitution for the Project Temporary Loan payment which the Government has agreed to make pursuant to the Outstanding Requisition Agreement; and (3) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

Whereas, pursuant to said determination, the City on the 29th day of May, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $1,112,000.00, the Execution of Requisition Agreement No. 6, and the Execution and Delivery of Project Temporary Loan Note No. 7, in Connection with Project No. Ill. R-20, authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Sixth Series F), herein called the "New Preliminary Loan Notes"; and

Whereas, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

Whereas, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 7 (herein called the "New Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the New Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said New Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Requisition Agreement, and has accepted deposit of said New Escrow Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth:

That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefore) it will pay or cause to be paid (a) to the Gevernment an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accured interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of One Million One Hundred Twenty Thousand Nine Hundred Eighty-Seven and 74/100 Dollars ($1,120,987.74) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 20th day of December, 1963, (or if the Government desires and the City consents thereto, an any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1 through 8, inclusive, Sixth Series F, $806,531.78; said Paying Agent being The First National Bank of Chicago, 38 South Dearborn Street, Chicago, Illinois; and

To Paying Agent for Preliminary Loan Notes Nos. 9 through 37, inclusive, Sixth Series F, $314,571.05; said Paying Agent being The First National City Bank of New York, 55 Wall Street, New York 15, New York.

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note is such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

Ordinances Adopted:

This Note is issued pursuant to the constitution or organic law of said State and said Statute, as amended and supplemented, to aid in financing an urban renewal or redevelopment project of the character authorized thereunder and described in said Ordinances. Said project is being assisted pursuant to Title I of the Housing Act of 1949, as amended (42 U.S.C. 1441 and 1450-1464), under a loan contract between the Local Public Agency and the United States of America.

Pursuant to said loan contract, and in furtherance of the financing of the project, the Local Public Agency and the United States have entered into the above-identified Requisition Agreement under which the latter has agreed, without limiting in any manner the unqualified Payment Agreement of the United States endorsed on the reverse of this Note, to make a specific loan payment to the Local Public Agency on or prior to said Maturity Date in an amount sufficient to pay the principal of and interest to maturity on this Note and said Authorized Issue of which this Note is one, and to cause to be deposited with the Paying Agent, for the benefit of the holder of this Note, an amount sufficient to pay such principal and interest to maturity. Under the terms of said Ordinances the proceeds of said loan are irrevocably pledged first to such payments; and under the terms of said Requisition Agreement, the full faith and credit of the United States of America is pledged to the payment of the principal of and interest on this Note as evidenced by said Payment Agreement.

This Note shall not constitute an indebtedness of the City of Chicago within the meaning of any Constitutional, Statutory or Charter Debt Limitation and is not a general obligation of the City of Chicago, and, in no event, shall either this Note or the interest thereon be payable from or out of funds other than those provided by the United States of America to the Local Public Agency pursuant to said Requisition Agreement or by the United States of America pursuant to said Payment Agreement.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all conditions, acts and things required to exist, happen and be performed precedent to and in the issuance of this Note, do exist, have happened and have been performed in due time, form and manner as required by law: Provided, That this Note shall not be valid until the Paying Agent shall have executed the agreement, appearing below, to act as such Paying Agent.

IN WITNESS WHEREOF, the Local Public Agency has caused this Note to be signed in its name by its Mayor and its City Comptroller, through their lawful authorized and duly appointed proxies, and its seal to be impressed hereon and attested by its City Clerk, and this Note to be dated as of the Date of Issue above specified.

Payment Agreement

Pursuant to section 102(c) of the Housing Act of 1949, as amended (42 U.S.C. 1452(c)), the United States *hereby unconditionally agrees* that on the Maturity Date of the within Preliminary Loan Note it will pay

or cause to be paid to the bearer thereof the principal of and interest thereon, upon the presentation and surrender of such Note to the Paying Agent designated therein, *and the full faith and credit of the United States* is pledged to such payment. Under section 102(c) of the Act, this Agreement shall be construed separate and apart from the loan contract referred to in the within Note and shall be incontestable in the hands of a bearer.

IN WITNESS WHEREOF, this Agreement has been executed on behalf of the United States by the duly authorized facsimile signature of the Housing and Home Finance Administrator, as of the Date of Issue of the within Note.

EXHIBIT "B"

Requisition Agreement No. 4 (Herein Called "Requisition Agreement") Relating to the Time of a Certain Project Temporary Loan Payment to be Made by the United States of America to the City of Chicago Which Payment Will be Evidenced by Project Temporary Loan Note No. 4.

Whereas, the Chicago Land Clearance Commission entered into a contract dated as of the 9th day of July, 1959, and numbered Contract No. Ill. R-28(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $1,239,248.00 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. R-28; and

Whereas, all the rights, duties, obligations, powers and liabilities of the Chicago Land Clearance Commission under said Contract were assigned and transferred to the City of Chicago, a body corporate and politic duly organized and existing under the laws of the State of Illinois (herein sometimes called the "City"), pursuant to an Agreement of Novation by and among the City of Chicago, the Chicago Land Clearance Commission and the United States of America, and dated June 30, 1962; and

Whereas, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a Project Temporary Loan payment thereunder in the amount of $500,000.00 (said payment in said amount being hereinafter called the "Requisition Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

Whereas, the City is able to obtain a short-term loan from sources other than the Government in the amount of $480,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Note or Notes of the City, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes hereinafter described (which Project Temporary Loan Note or Notes so held are herein called "Old Project Temporary Loan Notes"); and (2) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

Whereas, pursuant to said determination, the City on the 29th day of May, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal amount of $480,000.00, the Execution of Requisition Agreement No. 4, and the Execution and Delivery of Project Temporary Loan No. 4, in Connection with Project No. Ill. R-28", authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Fourth Series L) herein called the "Preliminary Loan Notes"; and

Whereas, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

Whereas, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 4 (herein called the "Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Agreement, and has accepted deposit of said Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth:

That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid to the Government an amount equal to the aggregate principal amount of the Old Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and the Government agrees that simultaneously with said payment to the Government it will cause the Old Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner. Said Requisitioned Payment will be made on the 11th day of June, 1964 (or, if the Government desires and the City consents thereto, at any time prior to said date), in the amounts set forth below,

to the paying agents named in the Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Note No. 1, Fourth Series L, $487,718.93; said Paying Agent being the LaSalle National Bank, P. O. Box 729, Chicago 90, Illinois.

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the Preliminary Loan Notes and the Interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner above set forth, the Government shall hold said Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said Escrow Project Temporary Loan Note(s), and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

6. The City certifies that, as of the date hereof, the following described Project Temporary Loan Note or Notes payable, on demand, to the United States of America or order, have been issued by it in connection with the Project and are now outstanding:

Designation and Note Numbers	*Principal Amount*	*Dated*	*Interest Rate*

Project Temporary Loan Note No. 4 (the Escrow Project Temporary Loan Note)	$500,000.00	6-18-63	4¼%	On Demand

The City further certifies that the obligations hereinbefore listed in this Paragraph 6 will be the only Project Temporary Loan Notes or Preliminary Loan Notes of the City which have been issued or heretofore been authorized to be issued in connection with the Project, exclusive of the Preliminary Loan Notes and the Escrow Project Temporary Loan Note, which are or will be outstanding or on deposit for delivery upon payment therefor on the date of such Preliminary Loan Notes. The City further certifies that the only Project Definitive Loan Obligations or Project Loan Payment Obligations, as those terms are defined in the Loan Contract, which have been issued and which are outstanding or will be outstanding on the date of the Preliminary Loan Notes are described as follows: None.

7. With the consent of the City, which is hereby granted, and nothwithstanding the conditions of payment which exist as a matter of contract between the City and the Government, the Government hereby agrees as follows:

a. To pay or cause to be paid when due the principal of and interest on each of the Preliminary Loan Notes, and, pursuant to section 102(c) of the Housing Act of 1949, as amended (42 U.S.C. 1452(c)), the full faith and credit of the United States is pledged to such payment;

b. That the Payment Agreement described below shall be construed separate and apart from the loan payment contract evidenced by this Requisition Agreement and the Loan Contract referred to

above and in each of the Preliminary Loan Notes, and shall be incontestable in the hands of a bearer, as provided by said Act; and

c. The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Whereas, The City of Chicago filed condemnation proceedings on February 9, 1945 in Case Number B 71144 in the Circuit Court of Cook County, Illinois, to condemn seventeen feet on the West side of N. Ashland Avenue for the widening of that street; and

Whereas, Pursuant to said condemnation proceedings the then owner of the premises hereinbelow described, one Johanna Leitzow, attempted to convey to the City of Chicago, the seventeen foot strip to be used for the widening of said N Ashland Avenue, but through mistake and inadvertence on the part of the conveyancer, conveyed to the City of Chicago, the remainder of her property instead of the seventeen feet for the widening of N. Ashland Avenue, her premises being described as follows:

Lot 11 in P. F. Haynes' Addition to Chicago in the East half of the Northeast quarter of the Southeast quarter of Section 30, Township 40 North, Range 14 East of the Third Principal Meridian in Cook County, Illinois;

and

Whereas, The title to the seventeen feet taken for the widening of N. Ashland Avenue has always been in the names of the owners of the property at No. 2662 N. Ashland Avenue, while title to the remainder thereof is erroneously in the City of Chicago; and

Whereas, Title was recently brought down to a current date covering the above-described premises for a sale thereof, and the error was discovered by the Chicago Title & Trust Company, which company has requested that the City of Chicago issue a Quitclaim Deed to the new owners conveying to them any interest that the City may have acquired through the above named erroneous conveyance and simultaneously the Chicago Title & Trust Company has delivered a Quitclaim Deed from Magdalena Hauer and Ewald Hauer, her husband, the current owners, to the City of Chicago, quitclaiming to it the following-described premises:

Lot 11 (except that part lying West of a line 50 feet West of and parallel with the East line of said Section 30) in P. F. Haynes Addition to Chicago, in the East half of the North East Quarter of the South East Quarter of Section 30, Township 40 North, Range 14 East of the Third Principal Meridian in Cook County, Illinois;

which premises consist of the seventeen feet taken for the widening of North Ashland Avenue and originally intended to be conveyed as above set forth;

Now, Therefore, To correct this error and to clear the title thereto, the Mayor be and he is hereby authorized and directed to execute, the City Clerk to attest, and the Comptroller to approve a Quitclaim Deed from the City of Chicago conveying to Vincent Nuccio and Cecelia Nuccio, his wife, not as tenants in common but in joint tenancy, the following-described premises, to wit:

Lot 11 (except that part lying East of a line 50 feet West of and parallel with the East line of Section 30) in P. F. Haynes' Addition to Chicago in the East half of the North East Quarter of the South East Quarter of Section 30, Township 40 North, Range 14 East of the Third Principal Meridian in Cook County Illinois;

which Quitclaim Deed is in substance and form, as follows:

This Indenture, Made the 19th day of March, A.D. 1963.

Witnesseth: That the Grantor, the City of Chicago, a municipal corporation in the County of Cook and State of Illinois, for the consideration of Ten Dollars ($10.00), conveys and quit-claims to Vincent Nuccio and Cecelia Nuccio, his wife, not as tenants in common, but in joint tenancy, of the City of Chicago, County of Cook and State of Illinois, all interest acquired by and through a certain quit-claim deed recorded in the Recorder's office in Cook County, State of Illinois as Document No. 10729014 in and to the following-described real estate, situ-

ated in the County of Cook, in the State of Illinois, to wit:

Haynes' Addition to Chicago in the East half of the North East quarter of the South East Quarter of Section 30, Township 40 North, Range 14 East of the Third Principal Meridian in Cook County, Illinois.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is hereby authorized and directed to execute, the City Clerk to attest, the Commissioner of Water and Sewers to approve, the Corporation Counsel to approve as to Form and Legality, and the City Comptroller to accept and file for record, an Easement Agreement between the Chicago and Western Indiana Railroad Company, an Illinois Corporation, and the City of Chicago, a Municipal Corporation, granting to the City of Chicago the right to install, maintain and operate a 12″ water main through and under the property of the Chicago and Western Indiana Railroad, located in the vicinity of W. 99th Street, easterly of S. Eggleston Avenue in Chicago, Illinois; said Easement Agreement being in form and substance as follows:

This Agreement made and entered into this ..... day of ....., A.D., 1963, by and between Chicago and Western Indiana Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter referred to as the "Railroad Company", party of the first part; and the City of Chicago, a municipal corporation, party of the second part;

Witnesseth That:

Whereas, The City of Chicago desires the permission and consent of the Railroad Company to install, maintain, operate, repair, renew and replace a twelve inch (12″) ductile iron water main to be placed in a twenty-four inch (24″) inside diameter cast iron pipe, together with necessary attachments and appurtenances, under and across the tracks and right-of-way of the Railroad Company, located in the vicinity of 99th Street, easterly of S. Eggleston Avenue in Chicago, Cook County, Illinois, as shown tinted in red on whiteprint File No. 174.52, dated April 2, 1963, hereto attached, marked Exhibit "A" and made a part hereof; and

Whereas, The Railroad Company is willing to grant such permission and consent to the City of Chicago upon the terms and conditions hereinafter set forth;

Now, Therefore, in consideration of the sum of One Dollar ($1.00) in hand paid by the City of Chicago to the Railroad Company, the receipt whereof is hereby duly acknowledged, and of the covenants and agreements hereinafter to be kept and performed by the City of Chicago, the Railroad Company does hereby give and grant to the City of Chicago permission and consent to install, maintain, operate, repair, renew and replace a twelve inch (12″) ductile iron water main to be placed in a twenty-four inch (24″) inside diameter cast iron pipe, together with necessary attachments and appurtenances, under and across the tracks and right-of-way of the Railroad Company located in the vicinity of 99th Street, easterly of S. Eggleston Avenue in Chicago, Cook County, Illinois, in the position and at the location described and shown tinted in red and said whiteprint Exhibit "A", which permission and consent is granted upon the following express terms and conditions with which the City of Chicago agrees to comply:

First: Said water main and the pipe in which it shall be placed, as aforesaid, and all appurtenances, shall be installed, maintained, operated, repaired, renewed and removed by the City of Chicago at its own sole cost and expense and in a manner at all times satisfactory to the Chief Engineer of the Railroad Company.

Second: Said cast iron pipe containing said water main shall be installed under the Railroad Company's tracks in such location that the top of said pipe shall be no less than five feet (5′) below the top of rail of the Railroad Company's tracks.

Third: None of the work of installing, maintaining, repairing, renewing or removing said water main and cast iron pipe, and appurtenances, shall be undertaken by the City of Chicago unless and until the Railroad Company shall have had at least twenty-four (24) hours prior notice thereof.

Fourth: In case of emergency arising out of breaks in said water main or cast iron pipe, the City of Chicago may make necessary repairs therein without the necessity for serving notice as above provided, but with the express understanding that immediate notice of such emergency shall be given to the Railroad Company and that all repairs so made shall be subject to the approval of the Chief Engineer of the Railroad Company.

Fifth: It is further understood and agreed that said Railroad Company's line shall at all times be kept open for traffic and the City of Chicago agrees to reimburse the Railroad Company for any and all cost and expenses incurred by it in protecting and supporting its tracks during the performance of any work herein provided for, and all other costs and expenses necessarily incurred by the Railroad Company on account of the installation, maintenance, operation, repair, renewal or removal of said water main and cast iron pipe, and appurtenances thereto.

Sixth: "Cost" for the purpose of this agreement shall be taken to mean the cost of all labor, train service and materials, plus ten per cent (10%) on labor and fifteen per cent (15%) on materials to cover elements not capable of exact ascertainment. Cost of labor shall also include social security, both State and Federal, and Railroad Retirement taxes required under any Social Security and Railroad Retirement Acts and vacations with pay.

Seventh: The City of Chicago assumes and agrees to pay for all loss, damage, injury or death, including costs and expenses incident thereto, caused to any person or to the property of any person by or during the installation of said water main or by the maintenance, repair or renewal thereof, or by its presence or use upon the property of the Railroad Company or its removal therefrom, or caused by any defect in or failure of said water main; and the City of Chicago further assumes all loss and damage to said water main even though operation by said Railroad Company may have caused or contributed thereto; and the said City of Chicago shall forever indemnify the Railroad Company against and save it harmless from all liability for any such loss, damage, injury or death.

In case any suit shall be brought against the Railroad Company on account of any such loss, damage, injury or death, the City of Chicago agrees, at its own expense, to assume the defense thereof and to pay any and all judgments recovered against the Railroad Company and all costs incurred by it on account of any such suit, provided, however, that in case any suit be brought against the Railroad Company for any such loss, damage, injury or death, the Railroad Company shall, providing it has been served with proper summons, at least ten (10) days before the return date of the summons therein give notice, in writing, of such suit and of such service to the Mayor or City Clerk of the City of Chicago for the purpose of enabling such defense to be made by said City of Chicago.

Eighth: It is agreed that if the City of Chicago has the work herein provided for performed by a contractor, that the dealings of the contractor with the Railroad Company shall be handled through the City of Chicago and not directly with the Railroad Company and that any contract made with a contractor relative to said work shall be subject to all of the terms of this agreement.

Ninth: It is specifically understood and agreed that the permission and consent herein granted by the Railroad Company to the City of Chicago is subject to a prior grant of easement by Railroad Company to the County of Cook by instrument dated April 11, 1962, wherein said County was granted an easement for highway purposes over and across Railroad Company's right-of-way northerly of the centerline of 99th Street, and the permission and consent herein granted by Railroad Company to the City of Chicago is such only as is not inconsistent with said prior grant to the County of Cook.

Tenth: The rights herein granted shall continue in force and effect so long as said water main shall be used as a part of the general water distribution system of the City of Chicago.

Eleventh: This agreement shall inure to the benefit of and be binding upon the successors and assigns of the respective parties hereto.

In Witness Whereof, that parties hereto have caused these presents to be duly executed the day and year first above written.

Court Decisions.

Also communications from the Corporation Counsel informing the City Council as to court decisions in the cases noted, which were *Placed on File,* as follows:

The Cosmopolitan National Bank of Chicago, as Trustee under Trust No. 6277, and Hartman-Miller, Inc., Plaintiffs-Appellees vs. *The City of Chicago, Defendant-Appellant,* Supreme Court No. 37422—On May 29, 1963, the Supreme Court of Illinois denied the City's petition for re-hearing, but modified its opinion of March 25, 1963, which opinion affirmed the decree of the Circuit Court of Cook County invalidating an amendatory zoning ordinance and restrained the City from enforcing the amended ordinance as to the property located at the northwest corner of N. California and W. Pratt Avenues;

Frank Van Laten, et al., Appellees vs. *City of Chicago, Appellant,* Supreme Court No. 37453—On May 27, 1963, the Supreme Court of Illinois affirmed the judgment of the trial court, which in turn had held void the zoning classification as applied to several pieces of property located on S. Western Avenue between W. 114th Street and W. 116th Place, the court holding that the zoning classification was void as it applied to plaintiffs' property;

George Wojcik, Appellant vs. *City of Chicago, et al., Appellees,* U. S. Court of Appeals No. 14068—On June 16, 1963 the United States Court of Appeals for the Seventh Circuit affirmed the judgment in the above-entitled cause. (The judgment had dismissed the plaintiff's suit for want of jurisdiction in the Federal District Court to hear such suit, whereby the plaintiff attempted to restrain the Municipal Court of Chicago from hearing a traffic ordinance violation case now pending against him on the ground that such case should be tried as a civil suit rather than as a criminal case.

Consolidated Construction Co., Inc. vs. *Malan Construction Corp., et al.,* Appellate Court No. 48769—On June 5, 1963 the Appellate Court reversed the judgment in the above-entitled cause insofar as it held that the City of Chicago was not the proper party to the suit. (The decision is procedural so far as the City is concerned and it is now necessary for the City to become involved in litigation relative to lien claims between contractors with whom the City deals and their sub-contractors.)

The People vs. *Carl T. Lewerenz, Orlando W. Wilson (Appellant),* Appellate Court Nos. 49011-49012—On May 29, 1963 the Appellate Court of Illinois reversed the judgment in the above-entitled cause, thereby upholding the right of the Chicago Police Department to retain fingerprints and other records of identification;

Mr. Softee of Illinois, Inc., etc., et al., Plaintiffs-Appellees vs. *City of Chicago, a Municipal Corporation, et al., Defendant-Appellants,* Appellate Court No. 49023—On May 29, 1963 the order of the trial court was reversed in the above-entitled cause. The order of the trial court had denied the City's motion to dissolve the temporary injunction and ordered that said injunction be dissolved. The Appellate Court in reversing the order of the trial court held that the City had statutory authority to enact Section 99-56 of the Municipal Code of Chicago governing loud audible noises upon public streets.).

WHEREAS, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a new Project Temporary Loan payment thereunder in the amount of $798,000.00 (said new payment in said amount being hereinafter called the "Requisitioned Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

WHEREAS, the City is able to obtain a short-term loan from sources other than the Government in the amount of $768,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Notes of the City, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes; (2) in substitution for the Project Temporary Loan payment which the Government has agreed to make pursuant to the Outstanding Requisition Agreement; and (3) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

WHEREAS, pursuant to said determination, the City on the 1st day of July, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $768,000.00, the Execution of Requisition Agreement No. 5, and the Execution and Delivery of Project Temporary Loan Note No. 6, in Connection with Project No. Ill. WHEREAS, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

WHEREAS, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 6 (herein called the "New Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the New Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said New Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Requisition Agreement, and has accepted deposit of said New Escrow Project Temporary Loan Note pending its payment therefor as aforesaid;

Now, Therefore, This Agreement Witnesseth:

That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of Eight Hundred Eighty-Five Thousand One Hundred Thirty-Five and 21/100 Dollars ($885,135.21) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 16th day of July, 1964, (or if the Government desires and the City consents thereto, at any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1 to 43, inclusive, Fifth Series H, $781,747.20, said Paying Agent being Continental Illinois National Bank and Trust Company of Chicago, at 231 South LaSalle Street, Chicago, Illinois: *Provided,* That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note. Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceeding authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

6. The City certifies that, as of the date hereof, (a) the following described Project Temporary Loan Notes payable, on demand, to the United States of America or order, and (b) the following described Preliminary Loan Notes payable to bearer, have been issued by it in connection with the Project and are now outstanding:

A duplicate copy of such report shall be sent to the Commissioner of Aviation of the City of Chicago (hereinafter referred to as "Commissioner of Aviation") at the same time.

It is understood that parking on the Demised Premises will be at all times without charge and will only be permitted for and in connection with Tenant business.

Landlord covenants that it shall not during the term hereof grant to any other individual, firm, or corporation, occupying space on the Airport, a similar privilege on terms or conditions more favorable than those granted to Tenant by the provisions of this Agreement.

Said insurance may include, but need not be limited to, insurance coverages commonly known as, or similar in kind to, Public Liability, Products Liability, Property Damage, Fire and Extended Coverage, Workmen's Compensation, Scaffolding Act, and such other insurance coverage as deemed required in the sole determination of Comptroller. All policies or endorsements thereto shall in all cases where possible name Landlord as co-insured thereunder. In event the improvements on the Demised Premises are financed by a loan or loans for that purpose secured by an assignment of Tenant's interest in and to this Agreement, the fire and extended coverage insurance on such improvements shall be payable to such assignee, subject to an agreement (which may be contained in such assignment) that the proceeds thereof shall be applied to the cost of rebuilding, but that if for reasons beyond the control of Tenant and such assignee the said improvements cannot be rebuilt, or if it would be impractical at the time to so rebuild, then the proceeds of such insurance shall be applied first to the payment of any such then outstanding loan and the balance thereof shall be paid over to the landlord.

Upon determination by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto or certificates showing such insurance to be in effect, to Comptroller which shall be appended hereto as Exhibit C.

In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this Agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of this Agreement.

Tenant shall, before commencing construction of Flight Kitchen, furnish to Comptroller a Performance Bond in form similar to City Form No. P.W.O. 62 in the full amount of the Flight Kitchen contract with sureties satisfactory to said Comptroller.

Article XII

Landlord shall not be liable to Tenant, or to Tenant's agents, representatives or employees for any injury to, or death of any of them or of any other person or for any damage to any of Tenant's property or loss of revenue, caused by any third persons in the maintenance, construction or operation of said O'Hare Airport, its appurtenances, facilities and equipment, or caused by any third persons using said Airport or its appurtenances, facilities and equipment, or navigating any aircraft on or over said Airport, whether such injury, death or damage is due to negligence or otherwise. Third persons as used herein shall include the United States of America, State of Illinois or any of their agencies and all persons other than the City of Chicago.

Except as to the Demised Premises the Landlord reserves the right to regulate, police, and further develop, improve, reconstruct, modify, or otherwise alter said O'Hare Airport and any portion in such manner as Landlord sees fit, regardless of the desires or views of the Tenant.

The Tenant shall assume all risks incident to or in connection with its business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Tenant, or any of its agents or employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

Article XIII

In the event the building to be constructed upon the Demised Premises shall be damaged or destroyed by fire or other casualty, the same shall be promptly repaired or rebuilt by Landlord at its expense from, after and only to the extent of insurance proceeds received by Landlord therefor, but Landlord shall not be obligated to repair or rebuild any fixtures, equipment and other personal property installed by Tenant pursuant to this agreement.

In the event of any damage or destruction by fire or other casualty to the Demised Premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other personal property, installed by it pursuant to this agreement.

Article XIV

Tenant, its officers, agents, employees, and any other persons over which Tenant has control, shall comply with all lawful rules and regulations and amendments or supplements thereto governing or related to the use of the Airport or of the Demised Premises as may from time to time be promulgated by Landlord in the interests of health, safety, sanitation and good order which are not inconsistent with applicable rules and regulations of any Federal, State or local governmental body having jurisdiction with respect thereto.

Tenant shall at all times faithfully obey and comply with all lawful present and future laws and ordinances of Federal, State or local governmental bodies and rules and regulations lawfully promulgated thereunder, whether or not of the type enumerated, applicable to, or affecting Tenant and its operations and activities in the Demised Premises or elsewhere at the Airport not inconsistent with the provisions of this Agreement.

Article XV

Tenant covenants not to assign, transfer, nor to sublet, license, or permit the use of the premises or any part thereof, except to a wholly owned affiliated or subsidiary company, without the consent in writing of Landlord first had and obtained, nor permit any transfer by operation of law or its interest created thereby. Any such assignment, transfer, sublease, license or permission when and if approved shall be in writing and promptly upon execution thereof, Tenant shall furnish two (2) copies to Landlord for its files. It is contemplated that the Tenant will seek to finance the improvements designated herein as the Flight Kitchen by

obtaining a loan from a recognized financial lender. It is agreed that the Tenant may, without further approval of the landlord, assign and set over to such lender all of Tenant's right, title and interest in and to this Agreement for the purpose of securing such loan. Any such assignee-lender shall thereupon acquire no greater interest in the Demised Premises than that of the Tenant as herein provided. In event of any foreclosure under such financing, and then only during the initial term hereof, the assignee-lender shall have the further right to assign its interest in this Agreement to a person or company of good reputation and qualified to operate the type of business herein authorized and who will be subject to the same terms and conditions as herein contained.

In the event an assignment, sublease, license or permit to use the aforesaid premises, or any part thereof, is approved by Landlord, under no circumstances shall the income derived by Tenant therefrom exceed the amount of a proportionate share of Tenant's obligations and expenses, under the terms of this Agreement. Landlord expressly reserves the right to assess an extra charge against any approved assignee, sublessee, licensee or permittee hereunder.

It is expressly understood and agreed that the only activity which Tenant may conduct on or from the Demised Premises, directly or indirectly, alone or through others, is only as authorized under the terms of this Agreement.

This Agreement does not constitute either party the agent or representative of the other for any purpose whatsoever.

Landlord covenants that Tenant shall and may peaceably and quietly have, hold and enjoy the premises or space leased exclusively to it during the term of the letting thereof and any extension of said term, unless such term or extension thereof shall cease, close or expire sooner or shall be terminated as provided in this instrument.

Article XVI

Tenant agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin. Attention is called to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1961, Ch. 38, Section 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1961, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings.

Article XVII

This Agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois or in any other public office, by Tenant or any one acting for Tenant and that if the same be so filed, this Agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this Agreement.

Article XVIII

In any of the following events Landlord, at any time hereafter, shall have the right at Landlord's election immediately to terminate this Agreement.

In the event Tenant shall fail to pay the rent in the amounts and at the times and in the manner herein provided and such failure shall continue for fifteen (15) or more days after written notice thereof shall have been given to Tenant.

In the event Tenant shall fail to keep and perform or shall violate the terms, covenants and conditions of this Agreement on its part to be kept and performed, and Tenant shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Tenant.

If Tenant shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within 90 days thereafter, or the interest of Tenant under this Agreement shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Tenant; or in the event that a Receiver or Trustee shall be appointed for Tenant or the interest of Tenant under this Agreement, and such appointment has not been vacated within 90 days thereafter.

In the event Tenant shall vacate or abandon said premises, or shall permit the same to remain vacant or unoccupied without the consent of Landlord first had and obtained.

Article XIX

Upon the occurrence of any one or more of the events of default herein specified, Tenant's right to possession of the Demised Premises shall terminate and Tenant shall surrender possession thereof immediately. In such event Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof with or without process of law, and to expel and remove Tenant or any other person who may be occupying the said premises, or any part thereof, and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary; and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause a forfeiture of rents due by virtue hereof, nor a waiver of any covenant, agreement or promise in said lease contained, to be performed by Tenant. Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

Landlord may, if it so elects, pursue any other remedies provided by law for the breach of this Agreement or any of its terms, covenants, conditions or stipulations. No right or remedy herein conferred upon or reserved to Landlord or Tenant is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given hereunder, or now or hereafter existing at law or at equity or by statute.

The acceptance of rent by Landlord, whether in a single instance or repeatedly, after its falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of Landlord's right to act or of any

other right hereby given Landlord, or as an election not to proceed under the provisions of this Agreement.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension hereof, shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the Demised Premises. Landlord may collect and receive any rent due from Tenant, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

In connection therewith Tenant is granted the exclusive use of the demised premises, subject to the terms and provisions hereof and to rules and regulations promulgated by Landlord, for the foregoing privileges and for the operation of related administrative offices, parking, loading, unloading of trucks, automobiles of employees and others having business with Tenant, and for no other purpose whatsoever. It is understood that parking on the demised premises will be at all times without charge and will only be permitted for and in connection with Tenant business.

Landlord covenants that it shall not during the term hereof grant to any other individual, firm, or corporation, occupying space on the Airport, a similar privilege on terms or conditions more favorable than those granted to Tenant by the provisions of this Agreement.

Article IV

Tenant, after securing necessary permits therefor, shall, at its own cost and expense, erect and install on the demised premises structures and improvements (hereinafter referred to as "Building") at a total capital expenditure of not less than Three Hundred Seventy-five Thousand Dollars ($375,000.00), including architect's and engineer's fees, cost of plans and specifications, and other costs incidental to such erection and installation. Tenant shall at all times throughout the term hereof maintain the Building and all other portions of the demised premises in good and serviceable condition and repair.

Tenant shall keep the demised premises and the Building, improvements and facilities constructed thereon free and clear of any and all liens in any way arising out of the action, or use thereof, by Tenant; provided, however, that Tenant may in good faith contest the validity of any lien.

Article V

Tenant shall illuminate the apron in front of the Building and shall also install, maintain, and operate such obstruction or warning lights on structures in or constituting part of the demised premises as may from time to time be required to conform to Federal Aviation Agency standards or to conform to standards prescribed by any other governmental agency having jurisdiction.

Tenant shall not install, erect or place, or permit others to so do, any illuminated signs, placards, displays or other advertising media on Building or elsewhere on Airport, without the prior written consent of the Commissioner of Aviation.

Landlord, by its representatives, shall have the right at any reasonable time, and as often as it considers necessary to inspect the demised premises and (without any obligation so to do) to enter thereon to direct Tenant to make ordinary repairs to insure a continuing quality.

In the event that the demised premises are required for Airport purposes prior to the expiration of this Agreement, the Commissioner of Aviation may, upon sixty (60) days advance written notice to the Tenant direct Tenant to vacate the same provided that Landlord, within sixty (60) days after Tenant's removal therefrom, will pay to Tenant the unamortized portion of the cost of the permanent structures and improvements constructed and installed thereon; such amortization to be computed on a straight-line basis over the period from the completion of said improvements to the expiration date of the term hereof.

The operations of Tenant and its employees shall be conducted in an orderly and proper manner so as not to annoy, disturb or be offensive to others at the Airport. Landlord shall have the right to complain to Tenant as to the demeanor, conduct, or appearance of Tenant employees, whereupon Tenant will take all steps necessary to remove the cause of the complaint.

Tenant and its employees, invitees, and those doing business with it shall have no right hereunder to park vehicles upon the Airport premises, other than in places demised to Tenant pursuant to this Agreement, or except in regular parking areas upon payment of regular charges therefor.

Article VIII

Tenant shall not be obligated to operate the Demised Premises or to pay ground rent therefor during any time when all of the Demised Premises shall be untenantable as determined solely by the Commissioner of Aviation, through no fault or negligence of Tenant, its employees and agents. In the event the Demised Premises are partially untenantable, as determined solely by the Commissioner of Aviation, through no fault or negligence of Tenant, its employees and agents, Tenant shall not be obligated to operate such part of the Demised Premises and the minimum rent shall be proportionately and equitably abated. In the event that the Airport shall be closed for any period of time by any order or direction of Landlord or any other governmental authority or agency, or by any order or direction of any court of competent jurisdiction, the ground rental shall abate for the period of such closing.

Article IX

Tenant, at the expense of Tenant, shall keep in force during the term of this Agreement, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by Comptroller for the protection of Landlord and/or Tenant. Tenant shall, before commencing construction of Building, furnish to Comptroller a Performance Bond in form similar to City Form No. P.W.O. 62 in the full amount of the Building contract with sureties satisfactory to said Comptroller.

Article X

In the event the building to be constructed upon the Demised Premises shall be damaged or destroyed by fire or other casualty, the same shall be promptly repaired or rebuilt by Landlord at its expense from, after and only to the extent of insurance proceeds received by Landlord therefor, but Landlord shall not be obligated to repair or rebuild any fixtures, equipment and other personal property installed by Tenant pursuant to this agreement.

In the event of any damage or destruction by fire or other casualty to the Demised Premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other personal property, installed by it pursuant to this agreement.

Article XI

Third persons as used herein shall include the United States of America, State of Illinois or any of their agencies and all persons other than the City of Chicago.

Except as to the demised premises the Landlord reserves the right to regulate, police, and further develop, improve, reconstruct, modify, or otherwise alter said O'Hare Airport and any portion in such manner as Landlord sees fit, regardless of the desires or views of the Tenant.

The Tenant shall assume all risks incident to or in connection with its business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Tenant, or any of its agents or employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

Article XII

Any such assignment, transfer, mortgage, pledge, sublease, license or permission when and if approved shall be in writing and promptly upon execution thereof, Tenant shall furnish two (2) copies to Landlord for its files.

In the event an assignment, sublease, license or permit to use the aforesaid premises, or any part thereof, is approved by Landlord, under no circumstances shall the income derived by Tenant therefrom exceed the amount of a proportionate share of Tenant's obligations and expenses, under the terms of this Agreement. Landlord expressly reserves the right to assess an extra charge against any approved assignee, sublessee, licensee, or permittee hereunder.

It is expressly understood and agreed that the only activity which Tenant may conduct on or from the demised premises, directly or indirectly, alone or through others, is only as authorized under the terms of this agreement.

This Agreement does not constitute either party the agent or representatives of the other for any reason whatsoever.

Landlord covenants that Tenant shall and may peaceably and quietly have, hold and enjoy the premises or space leased exclusively to it during the term of letting thereof unless such terms shall cease, close or expire sooner or shall be terminated as provided in this instrument.

In the event Tenant shall fail to pay the rent in the amounts and at the times and in the manner herein provided and such failure shall continue for fifteen (15) or more days after written notice thereof shall have been given to Tenant.

In the event Tenant shall fail to keep and perform or shall violate the terms, covenants and conditions of this Agreement on its part to be kept and performed, and Tenant shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Tenant.

If Tenant shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within 90 days thereof, or the interest of Tenant under this Agreement shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Tenant; or in the event that a Receiver or Trustee shall be appointed for Tenant or the interest of Tenant under this Agreement, and such appointment has not been vacated within 90 days thereafter.

In the event Tenant shall vacate or abandon said premises, or shall permit the same to remain vacant or unoccupied without the consent of Landlord first had and obtained.

Article XVII

Upon the occurrence of any one or more of the events of default herein specified, Tenant's right to possession of the demised premises shall terminate and Tenant shall surrender possession thereof immediately. Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement, Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

The acceptance of rent by Landlord, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of Landlord's right to act or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this Agreement.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the demised premises. Landlord may collect and receive any rent due from Tenant, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Article XVIII

Upon termination of this Agreement by lapse of time or otherwise as herein provided, Tenant agrees to surrender the demised premises and the Building and improvements situated thereon in good condition and repair without the receipt of any demand for rent, notice to quit or demand for possession whatsoever.

Tenant shall be entitled during the term of this Agreement and for fifteen (15) calendar days after termination thereof, to remove from the premises any and all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Agreement, subject, however, to any valid lien Landlord may have thereon for unpaid rentals or other amounts payable by Tenant to Landlord and provided that Tenant shall have repaired all damage resulting from said removal.

Tenant shall be deemed to have abandoned to Landlord any of said equipment or property of Tenant which it has failed to remove from said premises within the aforesaid fifteen (15) calendar days after the end of the period of this Agreement or effective date of termination thereof, unless Landlord shall grant in writing a further period for this purpose.

Article I

Premises

Section 1.01—Lease of Premises—Use of Demised Premises—City does hereby lease to Airline, and Airline does hereby lease from City a parcel of land comprised of sixteen and ninety-eight one hundredths (16.98) acres (hereinafter, together with any buildings and improvements now or hereafter located thereon, and any additional land acquired under the option granted herein, referred to as the "Demised Premises") located at the Airport in the easterly portion of the Cargo Area and shown as outlined in "Red" and described in Exhibit A attached hereto, together with the facilities, rights and privileges hereinafter described.

Airline is hereby granted the exclusive use of the Demised Premises, subject to the terms and provisions hereof and to rules and regulations promulgated by City in accordance with Article VI hereof for any and all purposes reasonably necessary or convenient in connection with the conduct by Airline of air transportation, including, without limitation, the following:

(a) the receiving, delivering, dispatching, processing, handling and storing air cargo express, mail and other property;

(b) the loading and unloading upon the Demised Premises of property, cargo and mail upon or from aircraft (including exclusive freight or cargo flights) by such means as may be necessary or convenient, and the exercise of all rights and privileges upon and with respect to the Demised Premises which are granted to Airline under the Airport Use Agreement on and with respect to the cargo ramp areas at the Airport available for common use, but any such exercise shall be free of any charge for parking of aircraft;

(c) the loading, unloading and parking of automobiles and trucks, provided that any park-

ing lot shall be operated without charge for use only by employees of Airline and by invitees of Airline having business at said premises; and

(d) the maintenance and operation of buildings, facilities and equipment and the carrying on of activities reasonably necessary or convenient in connection with the foregoing;

provided, however, that the foregoing shall not permit the conduct by Airline of any business separate from its operation of an air transportation system; and further provided, that the rights conferred under this Article I may be exercised by Airline along or in conjunction with other Airline parties, directly or through another designated by it or them.

Section 1.02—Ingress and Egress—Right to Connect Utilities—Subject to rules and regulations promulgated by City in accordance with Article VI hereof, Airline shall have the right and privilege over the Airport of ingress to and egress from the demised premises for its employees, agents, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, and its or their aircraft, equipment, vehicles, machinery and other property, including the right to construct, install, maintain, use and operate facilities and equipment on the Airport for the purpose of connecting the Demised Premises with taxiways, service roadways, water lines, sewer lines, drainage ditches and utility lines serving the Demised Premises, any such connection to be at a point and over a route approved by the Commissioner of Aviation and the Commissioner of Public Works. Airline shall pay all charges for electric power furnished to the Demised Premises. Except as in this Lease or in any other agreement between City and Airline otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, guests, patrons and invitees, its or their suppliers of materials and furnishers of service for such right of ingress and egress, or for the privilege of purchasing, selling or using for a purpose herein permitted any materials or services purchased or otherwise obtained by Airline, or transporting, loading, unloading or handling property, cargo or mail in connection with Airline's business or exercising any right or privilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of public automobile parking areas, sightseeing facilities or ground transportation to or from the Airport furnished by City or its concessionaires, or preclude City from imposing any sales, occupation or other taxes provided by law, permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

Airline shall have the right to purchase or otherwise obtain property and services of any nature from any suppliers of its choice.

Section 1.03—Use of Premises on Behalf of or by Others—Any of the premises leased to Airline under this Article I may also be used, in whole or in part, by Airline on behalf of or in conjunction with any other Airline Party or Parties in connection with the conduct of air transportation by such other Airline Party or Parties, to the same extent as Airline is entitled to use such premises in its own behalf in connection with its conduct of air transportation. Airline shall also be entitled to sublease any of such premises, in whole (subject to the prior approval of City Council) or in part, to any other Airline Party or Parties for use in connection with the conduct of air transportation by such other Airline Party or Parties, to the same extent as Airline is entitled to use such premises in its own behalf in connection with its conduct of air transportation. In addition, Airline is hereby permitted to sublease any portion of the Demised Premises to any agency, division or department of the Federal Government. In case of any use of any of such premises by Airline on behalf of or in conjunction with any other Airline Party or Parties, or in case of any sublease of any of such premises in accordance with the foregoing provisions, Airline shall remain liable for its obligations hereunder and the rights and privileges granted hereunder to Airline, its employees, agents, guests, patrons and invitees and its or their suppliers of materials and furnishers of service shall be granted with respect to such premises (except as may be otherwise provided in any such sublease) to such other Airline Party or Parties or sublessee or sublessees, as the case may be, and it or their employees, agents, guests, patrons, invitees, suppliers of materials and furnishers of service.

Notwithstanding the foregoing provisions of this Section 1.03, no use of any of the premises leased to Airline under this Article I may be made by Airline on behalf of or in conjunction with any other Airline Party or Parties, and no sublease of any part of such premises may be made by Airline, except in each case with the consent of the Commissioner of Aviation, if such use or sublease involves payment to Airline by any such other Airline Party or sublessee of an amount greater than Airline's expenses with respect to the premises, facilities and services used by, furnished to or subleased to such other Airline Party or sublessee.

Section 1.04—Option to Lease Additional Premises—In addition to the foregoing, Airline shall have the option to lease an area of thirteen and five-tenths (13.5) acres on the same terms and conditions including rental per acre which additional area is outlined in "Green" and described in Exhibit A attached hereto.

The aforesaid option, if exercised, shall be exercised by Airline by written notice to City Council, which notice must be given not later than sixty (60) days after City gives written notice to Airline that the additional area is available for Cargo Building Lease. At the time City serves notice to Airline that said area is available, the following conditions shall exist:

(a) that portion of Old Mannheim Road through the Demised Premises is vacated or abandoned; and

(b) said additional area is useable for cargo building purposes and access to said additional area is now convenient via taxiway and roadway extension to be constructed at Airline's sole expense from the original premises demised herein without use of viaducts or overpasses.

Failure of Airline to exercise the aforesaid option after the above conditions exist as aforesaid, shall release the City from any obligation to make said additional area available to Airline. City agrees to exert every reasonable effort to make said additional area available for lease hereunder by Airline.

Article II

Term

This lease shall be for a term of twenty (20) years commencing on the ..... day of .....,

1963, and unless earlier terminated or extended as provided herein, expiring on the ..... day of ....., 1983.

As rental for the Demised Premises, and all of the rights granted hereunder, Airline shall pay on or before the first day of each calendar month a monthly rental (hereinafter called "ground rental") of Two Thousand, Eight Hundred Thirty and no/100 Dollars ($2,830.00). Said payments to be made in advance, commencing on the effective date of this lease as described in Section 16.02 hereof.

The ground rental shall be payable at the office of the City Comptroller. Any rental payable by Airline hereunder which is not paid when due shall bear interest at the rate of seven per cent (7%) per annum from the due date thereof until paid. If any rental hereunder commences or terminates prior to the last day of any month, such rental for such month shall be determined on a pro rata basis according to the number of days of such month involved.

Article IV

Construction and Maintenance of Air Cargo Building

Section 4.01—Construction of Air Cargo Building by Airline—Airline shall be permitted to construct on the Demised Premises in air cargo building (which term as used herein, includes related cargo ramp aprons, facilities and fixtures necessary or incidental to normal operation of an air cargo building). For the purpose of this Section 4.01, construction of Airline's air cargo building on the Demised Premises may include construction by Airline of connections with any taxiway, service roadway, water line, sewer line, drainage ditch and utility lines serving the Demised Premises. All of the plans and specifications for Airline's construction hereunder shall be submitted to the Commissioner of Aviation and the Commissioner of Public Works for approval prior to the commencement of construction.

Section 4.02—Construction, Maintenance and Repair by Airline—In addition to the initial construction permitted in Section 4.01, above, Airline may construct or install, at its own expense, any buildings, improvements, facilities and equipment, and any additions thereto, on the Demised Premises. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including the initial construction and any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation and the Commissioner of Public Works prior to the commencement of construction or installation.

Subject to the provisions of Section 4.01 and Article VIII hereof, Airline shall keep and maintain all buildings, improvements and facilities and additions thereto, constructed or installed by Airline on the Demised Premises in good condition and repair. No restrictions shall be placed on Airline as to the architects, builders or contractors who may be employed by it in connection with construction, installation, alteration, repair or maintenance by Airline on the Demised Premises. All buildings and permanent improvements constructed by Airline on the Demised Premises shall become the property of City upon completion of construction thereof.

Notwithstanding the foregoing, Airline shall, after completion of the construction provided for by Section 4.01 hereof, keep the Demised Premises and all construction and installations made thereon in a sanitary and sightly condition, and shall comply with all health and safety requirements applicable thereto.

Any advertising signs installed by Airline shall be limited to those which advertise air transportation, and the number, general type, size, design and location of such signs shall be subject to the approval of the Commissioner of Aviation.

Section 4.03—Lighting—Airline shall illuminate the apron in front of each building on the Demised Premises with flood lights and shall place and maintain at all times red obstruction lights on the highest point and on each corner of such building and on the highest point of each smoke stack, pole, aerial and antenna on the Demised Premises. The obstruction light fixtures shall be of a dual type and the lights shall be kept burning at Airline's expense from dusk to dawn and during period of restricted visibility.

Section 4.04—Covenant Against Liens—Airline shall keep the Demised Premises and the buildings, improvements and facilities constructed thereon free and clear of any and all liens in any way arising out of the action, or use thereof, by Airline; provided, however, that Airline may in good faith contest the validity of any lien.

Section 4.05—Performance by City upon Failure of Airline to Maintain—In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by Sections 4.02, 4.03 and 4.04 hereof to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after the giving of such notice and charge to Airline and Airline shall pay, as aforesaid, the cost and expense of such performance.

Article V

Performance by City

Section 5.01—Facilities Furnished by City—In addition to the taxiways and roadways connections to be constructed by Airline, City has constructed taxiways, roadways, water lines, sewer lines and drainage ditches serving the Demised Premises. Airline is granted the right and privilege to use all of such taxiways, roadways, water lines, sewer lines and drainage ditches in common with others; provided, however, that Airline shall be required to pay to City a reasonable charge for direct metered water supplied by City to Airline through any such water line.

Section 5.02—Maintenance and Operation—City shall operate and maintain, in all respects in a manner consistent with that of a reasonably prudent operator of an airport, and keep in good condition and repair (including the removal of snow, vegetation, stones and other foreign matter as reasonably as may be done, from taxiways, including roadways, apron and taxiways constructed by Airline pursuant to Section 4.01 and located outside the

Demised Premises) all taxiways, connections therefrom, roadways, water lines, sewer lines, drainage ditches, additions, improvements, facilities and equipment now or hereafter provided by City serving the Demised Premises but located outside the Demised Premises.

Section 5.03—Taxes on Demised Premises—Airline shall pay any and all taxes or special assessments, if any, which may be levied or assessed upon the Demised Premises; or on any personal property or leasehold of Airline located on the Demised Premises.

Section 5.04—Exclusive Possession—City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the exclusive possession and enjoyment of the premises, rights and privileges leased to it hereunder, subject, however, to the provisions hereof.

Section 5.05—Performance by Airline upon Failure of City to Maintain and Operate—In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required by this Article V to be performed by City, Airline may perform such obligation of City and bill City for the cost to Airline of such performance; provided, however, that if City's failure to perform any such obligation endangers the safety of Airline's operations at the Airport and Airline so states in its notice to City, Airline may perform such obligation of City at any time after the giving of such notice and bill City for Airline's cost of such performance, but Airline shall not deduct any such cost from any amounts due hereunder or under any other agreement between Airline and City relating to the Airport unless at the time there are no Approved Revenue Bonds outstanding. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation or otherwise by it of the Airport or any facilities now or hereafter connected therewith.

Article VI

Rules and Regulations

Airline shall observe and obey all rules and regulations governing the conduct and operation of the Airport, promulgated from time to time by City, which are reasonably required for the prudent and efficient operation of the Airport and are not inconsistent with the reasonable exercise by Airline of any right or privilege granted to it hereunder or under any other agreement between Airline and City relating to the Airport or any part thereof, nor inconsistent with safety nor with the rules and regulations of any Federal or State agency having jurisdiction with respect thereto, nor inconsistent with the procedures prescribed or approved from time to time by the Civil Aeronautics Administration or any other governmental authority having jurisdiction over operation at the Airport.

City, however, shall have no control over the rates, fares or charges that Airline may prescribe in connection with its conduct of an air transportation business.

Article VII

Exercise by City of Governmental Functions

Nothing contained herein shall impair the right of City in the exercise of its governmental functions to require Airline to pay any tax or inspection fees or to procure necessary permits or licenses, provided such requirement is not inconsistent with the rights and privileges granted to Airline hereunder.

Article VIII

Indemnity and Insurance

Section 8.01—Liability Arising from Act of Airline—Airline agrees to indemnify and hold City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from City by reason or on account of damage to the property of City or the property of, injury to or death of any person, arising from Airline's use and occupancy of and operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by City's sole negligence or by the joint negligence of City and any person other than Airline, its agents, contractors and subcontractors; provided that City shall give Airline prompt and timely notice of any claim made or suit instituted which, in any way, affects Airline or its insurer, and Airline or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against City for any cause for which Airline is liable hereunder shall be conclusive against Airline as to liability and amount.

Airline shall, at its own expense, keep in force insurance of the following types and in not less than the following amounts, issued by a company or companies of sound and adequate financial responsibility, insuring Airline and City against all liabilities for accidents arising out of or in connecton with Arline's use and occupancy of and operations at the Airport, except when caused by City's negligence alone or jointly with any person other than Airline, its agents, contractors and subcontractors, and shall furnish to City certificates evidencing such insurance, naming City as an additional assured thereunder, subject to the limitations set forth above in respect of City's negligence, to wit:

Aircraft Public Liability Insurance	$ 100,000 per person $1,000,000 per accident
Aircraft Property Damage Insurance	$ 200,000 per accident

Comprehensive Property Damage Insurance	$ 100,000 per accident

If pursuant to any other agreement between Airline and City, Airline is complying with requirements identical with those of this Section, such compliance shall also serve as compliance with the requirements of this Section.

Section 8.02—Insurance in Connection with Construction by Airline—Airline shall, until the date of completion of Airline's air cargo building being constructed by Airline, keep in force insurance issued by a responsible insurance company or companies, insuring City against all liabilities for public liability or property damage arising out of or in connecton with the construction upon or the use and occupancy of the Demised Premises in amounts of comprehensive insurance not less than those provided in Section 8.01 hereof, and insuring Airline's air cargo building during construction under completed builder's risk insurance, against fire, extended coverage, vandalism and sprinkler leakage in an amount equal to the full insurable value of such construction as the same progresses in order to assure continuity of construction and ultimate completion despite damage or destruction suffered during the course thereof.

Section 8.03—Insurance of Air Cargo Building After Construction—Airline shall obtain and keep in effect at all times during the term of this Agreement fire and extended coverage insurance upon air cargo building. The policy or policies of insurance acceptable to Comptroller shall be for not less than eighty per cent (80%) of the full insurable value of air cargo building and other improvements and proceeds therefrom shall be expended for the repair and restoration of said air cargo building and other improvements which Airline agrees it shall undertake to do as is further provided in Section 8.04 hereof.

Section 8.04—Repair or Restoration of Air Cargo Building—If during the term hereof the air cargo building shall be destroyed or damaged in whole or in part by fire or other cause, Airline shall promptly repair, replace and rebuild the same, with and to the extent of the insurance proceeds available, at least to the extent of the value and as nearly as possible to the character of the air cargo building existing immediately prior to such occurrence. Airline shall submit plans for such replacement or rebuilding to the Commissioner of Aviation and the Commissioner of Public Works for approval prior to the commencement of any construction. The period of time during which Airline is repairing, restoring or rebuilding said air cargo building or other improvements subsequent to damage or destruction thereof by fire or otherwise, shall not be considered abandonment or non-use of the premises under the provisions of this agreement. Airline shall continue to pay the ground rental hereunder during the period said air cargo building shall be damaged or destroyed.

Article IX

Termination by City

City may terminate this Lease by giving Airline sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(a) The filing by Airline of a voluntary petition in bankruptcy. In such event, City shall have the right to file a claim as a creditor and the rentals due and to become due under the terms of the Lease shall be accelerated and become due and payable.

(b) The institution of proceedings in bankruptcy against Airline and the final adjudication of Airline as a bankrupt pursuant to such proceedings.

(c)) The taking by a court of competent jurisdiction for a period of sixty (60) days of all or substantially all of Airline's assets pursuant to proceedings brought under the provisions of any Federal reorganization act.

(d) The appointment of a receiver of all or substantially all of Airline's assets and Airline's failure to vacate such appointment within sixty (60) days thereafter.

(e) The assignment by Airline of its assets for the benefit of its creditors.

(f) The abandonment by Airline of its conduct of air transportation at the Airport.

(g) The default by Airline in the performance of any covenant or agreement required to be performed by Airline herein and the failure of Airline to remedy such default, or to take prompt action to remedy such default, within a period of sixty (60) days after receipt from City of notice to remedy the same.

No waiver by City of default of any of the terms, covenants or conditions hereof to be performed, kept and observed by Airline shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

Article X.

Recovery of Possession by City

If Airline shall vacate or abandon the Demised premises or in case of the termination of this Lease, Airline's right to the possession of the Demised Premises shall terminate, with or without any further notice or demand whatsoever, and the mere retention of possession thereafter by Airline shall constitute a forceable detainer of said premises, and upon the termination of Airline's right of possession, as aforesaid, Airline agrees to surrender its possession of said premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of said premises whatsoever, and hereby grants to City full and free license to enter into and upon said premises, or any part thereof, to take possession thereof, as against Airline and others claiming through it, with or without process of law, and to expel and remove Airline and any other person claiming through it who may be occupying said premises, or any part thereof, and City may use such force in and about so expelling and removing Airline and said other person as may reasonably be necessary, and City may, as against Airline and others claiming through it, repossess itself of said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of rents due by virtue hereof, nor a waiver of any covenant, agreement or promise herein contained to be performed by Airline.

Airline hereby waives all notice of any election made by City under this lease, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever of any and every nature which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the term of this Lease; provided, however, the foregoing shall not apply to any notice specifically required under the provisions of this Lease. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Airline or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express written waiver, shall not be construed as a waiver of any right hereby given City, or as an election not to proceed under the provisions of this Lease.

The obligation of Airline to pay the rent reserved hereby shall not be deemed to be waived, released or terminated, by the service of any five-day notice, other notice to collect, demand for possession, or notice by City that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts, other than termination of this Lease, resulting in the termination of Airline's right to possession of the Demised Premises. City may collect and receive any rent due from Airline, and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which City may have by virtue hereof.

Article XI

Termination by Airline

Airline may terminate this Lease and any or all of its obligations hereunder at any time that Airline is not in default in the payment of any amount due from it to City hereunder by giving City sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(a) The failure or refusal of the Federal Aviation Agency to approve all weather operations into and from the Airport of aircraft of any type operated by Airline in scheduled air transportation using facilities similar to those at the Airport and continuance thereof for a period of at least sixty (60) days.

(b) The issuance by any court of competent jurisdiction of an injunction in any way preventing or restraining the use of the Airport or any part thereof so as to substantially affect Airline's use of the Airport in its conduct of an air transportation system and the remaining in force of such injunction, not stayed by way of appeal or otherwise, for a period of at least sixty (60) days.

(c) The issuance of any order, rule or regulation or the taking of any action by the Civil Aeronautics Board or the Federal Aviation Agency or other competent governmental authority, or the occurrence of any fire, other casualty, act of God or the public enemy, substantially affecting, for a period of at least sixty (60) days, Airline's use of the Airport in its conduct of an air transportation system; provided, however, that none of the foregoing is due to any fault of Airline.

(d) The default by City in the performance of any covenant or agreement required to be performed by City herein or in any other agreement between City and Airline relating to the Airport or any part thereof, and the failure of City to remedy such default, or to take prompt action to remedy such default, within a period of sixty (60) days after receipt from Airline of notice to remedy the same.

(e) The substantial restriction of City's operation of the Airport by action of the Federal Government, or any department or agency thereof, under its wartime or emergency powers, or by action of the State of Illinois, or any department or agency thereof, and continuance thereof for a period of not less than sixty (60) days, provided such restriction adversely affects Airline's operations at the Airport.

No waiver by Airline of default of any of the terms, covenants or conditions hereof, or of any other agreement between City and Airline relating to the Airport or any part thereof, to be performed, kept and observed by City shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

Surrender of Possession

Upon termination of this Lease, Airline shall surrender the Demised Premises, and the buildings and improvements situated thereon, if any, in good condition and repair, reasonable wear and tear excepted.

City shall not be liable to Airline for damages for City's failure to furnish such temporary substitute facilities or, except as provided in Section 5.05 hereof, for City's failure to expeditiously restore such facilities.

If due to damage or destruction by fire, other casualty, act of God or the public enemy affecting the Airport, Airline's use of the Airport in its conduct of an air transportation system shall be substantially affected, then, without any prejudice to any right of termination hereunder, Airline shall have the right upon notice to City, to the abatement of a just proportion of the rental provided herein from the time of such notice until normal operations are permitted.

Article XIV

Right of Airline to Remove Property

Airline shall be entitled during the term of this Lease, and for a reasonable time (not exceeding forty-five (45) days) after its termination, to remove from the premises involved, or any part thereof, all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Lease, subject, however, to any valid lien City may have thereon for unpaid rentals or other amounts, payable by Airline to City hereunder or under any other agreement between City and Airline relating to the Airport or any part thereof, and provided that Airline shall have repaired all damage resulting from such removal.

City shall have the right to complain to National as to the demeanor, conduct or appearance of National's employees, invitees and those doing business with it, whereupon National will take all steps necessary to remove the cause of the complaint.

8. City shall have the right at any reasonable time, and as often as it considers necessary to inspect the premises and (without any obligation so to do) to enter thereon to direct National to make ordinary repairs, and in the event of emergency to take such action therein as may

11. City shall not be liable to National for any injury to, or death of any person, or for any damage to any property by City, or any of its officers, agents, or employees in the maintenance or operation of said Airport, or navigating any aircraft over said Airport whether such injury, death or damage is due to negligence or otherwise, all claims for any such injury, death or damage being hereby expressly waived by National.

12. National, at its own expense, shall fully indemnify and hold City harmless and shall keep in force insurance satisfactory to the City Comptroller for the protection of City against liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from City, by reason of damage to the property of, injury to, or death of any person, or persons on account of anything which may occur in conjunction with the exercise by National of the privileges herein conferred whether caused by negligence of National, its employees, customers, or invitees, or by City, its employees, or otherwise, in policy types and amounts as may be determined in writing by the City Comptroller. Certificates of such insurance shall be delivered to and hled by the City Comptroller.

13. National agrees to charge rates for its rent-a-car services at the Airport which shall be the same as rates for similar services charged by it at other locations in the City of Chicago and shall periodically, as requested, file with City a schedule of such rates. National further agrees that it shall remain open and conduct business at the Airport during such hours of the day and such days of the week as may be necessary to properly and adequately serve the public.

14. It is expressly understood and agreed that the only activity which National may conduct hereunder, directly or indirectly, alone or through others, on, upon or from said Airport and properties located thereon, be they demised to others or under the control of City, is only as authorized under the terms of this Agreement.

15. This lease does not constitute either party, the agent or representative of the other for any purpose whatsoever.

16. National, its employees, invitees and those doing business with it, shall have no right hereunder to park vehicles upon the Airport premises, other than in places assigned or demised to National pursuant to this Agreement, or except in regular parking areas upon payment of regular charges therefor.

17. In case of the happening of any one or more of the following events, that is to say:

(a) Any court of competent jurisdiction shall issue an injunction in any way preventing or restraining the use of the Airport of the Airport facilities, or any substantial part or parts thereof, to such an extent as to interfere materially with the operation of the Airport and such injunction shall remain in force for a period of at least thirty (30) days.

(b) Default shall be made by City in the observance or performance of any agreement or covenant herein required to be kept or performed by it, and such default shall continue for a period of thirty (30) days after written notice specifying such default shall have been given by National to City.

(c) The United States Government or any duly authorized agency thereof shall occupy the Airport or the Airport facilities, or any substantial part or parts thereof; to such an extent as to interfere materially with the operation of National's automobile rental service as contemplated by this Agreement; then and in any such event and during the continuance of such event, National may, upon ten (10) days' notice in writing, terminate this lease and agreement in its entirety.

18. In the event of any national emergency wherein there is a curtailment of the use of motor vehicles by the general public, or a limitation of the supply of gasoline available for general use, either by Executive decree or legislative action, then and in that event, the minimum guarantees provided for in Section 5 hereof, shall not be required to be paid by National during the said period.

The default by National in the performance of any covenant or agreement required to be performed by National herein and the failure of National to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt from City of notice to remedy the same.

No waiver by City of default of any of the terms, covenants or conditions to be performed, kept and observed by National shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

20. This agreement is subject to the provisions of paragraph 4, Article XI of that certain agreement entitled "Airport Use Agreement" and to Section 6.04, Article VI of that certain agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreement as may be pertinent as entered into between the City and Scheduled Airlines governing use and operation of Chicago-O'Hare International Airport.

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than one day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The failure, neglect or refusal on the part of the Commission to make promptly and properly such changes in its piping, to maintain tightness, or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until charges and corrections in said piping or connec-

tions required by the City are made by the Commission.

(16) The Commission agrees to prevent excessive use and waste of water.

(17) The Commission agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. (20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(22) The Commission agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of the Commission, except if and when it should be specifically authorized so to do by the City Council of the City.

(23) The Commission agrees to use City water exclusively during the period of this contract.

(24) The Commission further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Commission and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the Commission, without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than January 31st of each year, the Commission agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the the amount of water furnished the Commission and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(27) To secure prompt payment of the water bills, the City shall have the right at any time to require the Commission to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Commission for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Commission hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Commission agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

(29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of the contract.

(31) If the Commission shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the ordinances of the City, or if the Commission shall fail to comply with or perform any of the conditions or obligations on its parts to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Commission's premises, 7842 South Blazer's Avenue, Justice, Illinois, addressed to the Chairman of the Justice-Willow Springs Water Commission, a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Commission shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Commission from its obligations to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Commission.

(33) The Commission hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(34) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(36) The authority of the officials of the Justice-Willow Springs Water Commission to execute this agreement is evidenced by the resolution passed by the Commissioners of the Justice-Willow Springs Water Commission at a regular meeting of said Commissioners duly held on the ..... day of ..... (4) The Village agrees to install flow control systems on water service connections to City's water mains at the city limits, W. 87th Street and W. Columbus Avenue (12″ and 20″) and in S. Crawford Avenue at W. 104th Street.

Rates and Discounts

(5) The Village shall pay to the City all charges for water furnished hereunder to supply consumers within the corporate limits of the Village, when due, at the rate fixed by the ordinance of the City of Chicago now in force and effect, or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(6) The Village shall pay to the City all charges for water furnished hereunder to supply consumers located outside the corporate limits of the Village, when due, at the rate of fifty per cent (50%) higher than the metered rate per thousand cubic feet of water fixed by the ordinance of the City of Chicago, now in force and effect, or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(7) The Village shall be entitled to the same discount or benefit allowed to metered consumers of the City, as provided by the ordinances of the City now in force and effect, or which may hereinafter be amended, if the Village pays its water bills within the time prescribed by ordinance.

(8) The City reserves the right at any time during the term of this contract to classify water consumers and to fix rates for each class of consumers; also the fix rates for water furnished to the Village and other municipalities and persons or other users, for consumption, outside the corporate limits of the City, higher than the rates fixed for water furnished to consumers of the same class for consumption within the corporate limits of the City, subject to such limitations as are then applicable by law.

Period of Contract

(9) This contract shall be in force and effect for a period not longer than ten (10) years from the date hereof, unless sooner terminated as herein provided.

Meters and Meter Equipment

(10) The Village, at its own cost and expense, shall provide and install the meter vaults, the meters and meter equipment measuring and controlling the said supply of water, which vaults, meters and meter equipment shall be of such type, size and design as shall be satisfactory to and approved by the Commissioner of Water and Sewers of the City, and shall be located in or near the city limits at a location to be approved by said Commissioner of Water and Sewers. The control valves shall be located within the City and such meters, meter equipment, meter vaults and valves shall at all times be under the control of the City, but the full and complete maintenance and protection of such meters, meter equipment and meter vaults shall be the obligation of the Village.

(11) The properly authorized officers, agents and representatives of the City shall at all times have free access to the meter, or meters and all other facilities herein provided for, for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by the Village and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair and to make such repairs upon the same as may be necessary, the expense of any and all necessary repairs to be borne by the Village.

(12) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered or over-registered amount of water furnished and taken shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters, exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one year or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings, and shall also determine the number of months upon which such estimate is to be based.

Terms and Conditions of Service

(13) The Village, at its own cost and expense, shall provide, make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City, at the point of connection herein designated. If at any time the meter or meters or meter housing, which also are to be provided by the Village, shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City, and the cost and expense of such replacements or repairs shall be charged to and paid by the Village.

(14) The Village shall provide, install and maintain and operate at its own cost and expense at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than one day's supply of water; receiving tank, or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the

direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The Village agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a uniform rate of flow, as hereinafter provided, during the period of this contract.

(15) The water supply furnished and taken hereunder shall be drawn by the Village at an even rate of flow throughout twenty-four (24) hours of each day during the period from October 1, of each year to May 15, of each succeeding year and at an even rate of flow throughout twenty (20) hours from 10:00 P.M. of each day to 6:00 P.M. of each succeeding day during the period from May 15 to October 1 of each year.

The Village agrees to draw no water from 6:00 P.M. to 10:00 P.M. of any day during the period from May 15 to October 1 of each year unless expressly authorized in writing so to do by the Commissioner of Water and Sewers of the City. It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(16) The Village agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City, applicable to cross-connections and dual water supplies as are in force in the City of Chicago Water System. The Village further agrees that the duly authorized engineers and inspectors of the City, in collaboration with the representatives of the Village, shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, of all plants or other buildings of water users within the territorial limits of the Village, and the Village further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness, or to eliminate undersirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(17) The Village agrees to prevent excessive use and waste of water.

(18) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(19) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

(20) In order to safeguard its water supply received hereunder and the City's water supply, the Village hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality by the City.

(21) The City may adopt any protective or health measures it deems advisable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(22) The Village agrees to notify the Commissioner of Water and Sewers of the City, as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized engineers and inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village distribution system.

(23) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality, or any consumer of water located or residing outside the territorial limits of the Village except if and when it should be specifically authorized so to do by the City Council of the City.

(24) The Village agrees to use City water exclusively during the period of this contract.

(25) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains except to supply consumers within the territorial limits of the Village, without first securing the consent in writing of the City Council of the City so to do.

(26) At the end of each calendar year during the term of this contract, and not later than January 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(27) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City, a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(28) To secure prompt payment of the water

bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(29) The City shall not be responsible in damages for any failure to supply water or for interruption of the water supply. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to, or caused by the furnishing of water hereunder, and shall also keep and save City harmless from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

(30) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(31) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village arising under the water supply contract No. 17762 now in force and effect between the City of Chicago and the Village of Oak Lawn dated December 27, 1955 and the amended contract No. 22825 now in force and effect between the City of Chicago and the Village of Oak Lawn dated October 24, 1961, and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain payment for, or to enforce collection of any unpaid water charges accruing prior to the date of execution of this agreement.

(32) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinances of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on its part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village of Oak Lawn, addressed to the President and Board of Trustees of the Village of Oak Lawn, a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(33) No assignment or transfer of this agreement shall be made by the Village.

(34) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(35) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(36) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City of Chicago has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan or otherwise dispose of water from Lake Michigan to any municipality or user residing outside the limits of the City of Chicago.

(37) The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the ..... day of ....., A.D. 196...., and published in the Journal of Proceedings of the City Council for said date on page ..... thereof.

The Committee on Finance submitted the following report:

CHICAGO, June 28, 1963

To the President and Members of the City Council:

Your Committee on Finance, which has given consideration to a communication from His Honor, Mayor Richard J. Daley, dated May 8, 1963 transmitting a proposed ordinance providing for the execution of a Lease between the City of Chicago, The County of Cook and the Public Building Commission of Chicago, Cook County, Illinois, having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the substitute proposed ordinance transmitted herewith to authorize the City of Chicago to execute and enter into a Lease (Exhibit "A") with The County of Cook and the Public Building Commission of Chicago, Cook County, Illinois.

[Proposed substitute ordinance printed in Committee Pamphlet No. 2]

This recommendation was concurred in by 21 members of the committee, with 3 dissenting votes.

Respectfully submitted,

(Signed) THOMAS E. KEANE,
Chairman.

During discussion of the pending report Alderman Hoellen (seconded by Alderman Despres) requested that the committee's report be *Deferred* and published.

Alderman Keane raised the point of order that because discussion had been entered into and consideration given to the pending committee report the motion to defer and publish was not in order.

The Chair stated that the request being made by two aldermen present to defer the committee's report complied with statutory provisions even though discussion had been had and declared that the point of order was not well taken. The committee's report thereupon was *Deferred* for final action thereon to the next regular meeting.

Action Deferred—ON PROPOSED ORDINANCE PROVIDING FOR LEVY AND COLLECTION OF DIRECT ANNUAL TAX SUFFICIENT TO PAY ANNUAL RENTALS UNDER LEASE ENTERED INTO BY AND BETWEEN CITY OF CHICAGO, COOK COUNTY, ILLINOIS, AND PUBLIC BUILDING COMN. OF CHICAGO.

The Committee on Finance submitted the following report which was, on motion of Alderman Keane, *Deferred and Ordered Published:*

LOAN AND CAPITAL GRANT CONTRACT

Part I

This Agreement, consisting of this Part I and the Terms and Conditions (URA Form No. H-3155b, dated 2-15, 1960, as amended and modified hereby) forming Part II hereof (which Parts, together, are herein called the "Contract"), made and entered into on the date hereinbelow specified, by and between City of Chicago (herein called the "Local Public Agency") and the United States of America (herein called the "Government"), Witnesseth:

In consideration of the mutual convenants,

promises, and representations contained herein, the parties hereto do agree as follows:

Sec. 1. *Purpose of Contract.*—The Local Public Agency proposes to carry out a certain urban renewal project (herein called the "Project") in a certain area (herein called the "Urban Renewal Area"), in accordance with the Urban Renewal Plan therefor. The purpose of this Contract is to provide for the extension by the Government to the Local Public Agency of certain Federal financial assistance under Title I of the Housing Act of 1949, as amended by all amendatory Acts (said Title I as so amended being herein sometimes called "Title I"), with respect to the Project, and to state the terms and conditions upon which such assistance will be extended and the understandings of the parties hereto as to the manner in which they contemplate that the Project will be carried out.

Sec. 2 *Project Temporary Loan and Project Definitive Loans.*—The Government will make to the Local Public Agency a temporary loan (herein called the "Project Temporary Loan") and, in case any Project Land is leased by the Local Public Agency to others in conformity herewith, one or more definitive loans (each such loan being herein called a "Project Definitive Loan"), with respect to the Project; for the purposes, under, and as contemplated by Section 102(a) of Title I. The Project Temporary Loan together with the Project Definitive Loans shall be in an aggregate amount which, together with such other funds, if any, as are supplied for the purpose (not including any loans by the Local Public Agency to the Project), shall be sufficient, but not in excess of that necessary, to enable the Local Public Agency to undertake, carry out, and finance the Project: Provided, however, That in no event shall the Project Temporary Loan, the aggregate of the Project Definitive Loans, or the aggregate of the Project Temporary Loan and Project Definitive Loans, outstanding at any one time, exceed Nine Million Seven Hundred Seventy Six Thousand Seven Hundred Nine Dollars ($9,776,-709.00).

Sec. 3. *Project Temporary Loan Interest Rates.*—The Project Temporary Loan shall bear interest at the rate or rates (herein called the "Project Temporary Loan Interest Rate") as herein provided. Each payment made by the Government on account of the Project Temporary Loan during the period from the date of this Contract to July 1, 1968 (herein called the "Initial Loan Period"), shall bear interest during the Initial Loan Period on the unrepaid principal amount thereof at the rate of Three and Seven-Eighths per centum (3⅞%) per annum. From and after the expiration of the Initial Loan Period, each payment on account of the Project Temporary Loan, whether made to the Local Public Agency by the Government before or subsequent to the expiration of the Initial Loan Period, shall bear interest on the unrepaid principal amount thereof to the date of repayment at the rate per annum which shall be furnished to the Local Public Agency by the Government on or about the date of the expiration of the Initial Loan Period, and which interest rate shall be the higher of (a) Three and Seven-Eighths per centum (3⅞%) per annum, or (b) the rate (not to exceed, in any event, six per centum (6%) per annum) which shall be equal to the average yield to maturity on all outstanding marketable obligations of the United States having a maturity of approximately 5 years from the first day of May or November, as the case may be, next preceding the expiration of the Initial Loan Period, as determined by the Administrator, upon the advice of the Secretary of the Treasury, by estimating such average yield on the basis of daily closing market bid quotations or prices during the month of May or November, as the case may be, next preceding the expiration of the Initial Loan Period and by adjusting such estimated average yield to the nearest one-eighth of one per centum (⅛%).

Sec. 4. *Project Definitive Loan Interest Rate.*—Each Project Definitive Loan shall bear interest at a rate (herein called the "Project Definitive Loan Interest Rate") which shall be the highest of:

(a) The going Federal rate specified by the Secretary of the Treasury as being applicable to the 6-month period in which the Project Definitive Loan is contracted to be made in conjunction with the execution of a specific lease of Project Land and in terms specific as to the rate of interest to be borne by such Project Definitive Loan; or

(b) The rate of interest for Project Temporary Loans as determined by the Administrator as being applicable to the 6-month period in which any such Project Definitive Loan is contracted to be made in conjunction with the execution of a specific lease of Project Land and in terms specific as to the rate of interest to be borne by such Project Definitive Loan; or

(c) The maximum rate of interest which the Local Public Agency will be able to pay from the proceeds of the annual rents under the specific lease of Project Land to which such Project Definitive Loan is related, which maximum rate shall be based on the assumption that such Project Definitive Loan (i) is in a principal amount equal to the capital value imputed to the Project Land described in such lease, and (ii) is payable, as to both principal and interest, in substantially equal annual amounts in accord with the principles of level debt service over a period of 40 years from the date of such specific lease, and which rate shall be adjusted downward by at least one-eighth of one per centum (⅛%) and not more than one-fourth of one per centum (¼%) to a multiple of one-eighth of one per centum (⅛%).

Sec. 5. *Project Temporary Loan Obligations.*—The principal of and interest on the obligations evidencing the Project Temporary Loan (herein called "Project Temporary Loan Obligations") which are issued by the Local Public Agency for the Project Temporary Loan shall be payable from and shall be secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Temporary Loan Repayment Fund. Subject to the foregoing provisions of this Section, the Project Temporary Loan Obligations shall be in such form and denominations, of such description, payable as to principal and interest at such time or times and at such place or places, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency.

Sec. 6. *Project Definitive Loan Obligations.*—The obligations evidencing each respective Project Definitive Loan (herein called "Project Definitive Loan Obligations") shall be a separate Series for each Project Definitive Loan which is made. The Principal of and interest on all such Series of the Project Definitive Loan Obligations (and the premiums payable thereon in case any of the Project Definitive Loan Obligations are callable, at a premium, prior to

maturity and are so called) shall be payable primarily from and equally and ratably secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Definitive Loans Repayment Fund, after provision therein to the extent necessary, but only from the lease proceeds therein (such provision to be satisfactory to the Government), for the reasonable and proper costs to the Local Public Agency of its maintenance, management, and administration of its interests in the Project Land from which such lease proceeds are derived. Subject to the foregoing provisions of this Section, the Project Definitive Loan Obligations of each such Series shall be in such form and denominations, of such description, payable as to principal and interest (together with the aforesaid premiums) at such time or times and at such place or places, additionally secured (as to payment of principal, interest, and premiums) in such manner, have such mandatory and optional provisions for their redemption, at a premium, prior to their maturity, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency: *Provided,* That the period within which the Project Definitive Loan Obligations of any Series shall be payable shall not exceed 40 years from the date of the Project Definitive Loan Obligation of that Series: *Provided further,* That the term, "Project Definitive Loan Obligations", as used in this Contract, may include "Interim Certificates" which may be issued by the Local Public Agency pending its preparation, issuance, and delivery of the definitive bonds or other securities covering a Project Definitive Loan.

Sec. 7. *Project Capital Grant.*—The Government will also make to the Local Public Agency a capital grant for the Project (herein called the "Project Capital Grant") in an amount equal to the least of the following:

(a) The amount by which two-thirds of the Net Project Cost of this Project, together with the total of (i) two-thirds of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a two-thirds capital grant basis and (ii) three-fourths of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a three-fourths capital grant basis, exceeds the aggregate of the capital grants which, prior to the payment of the Project Capital Grant herein provided for, have been paid, or finally determined by the Administrator to be payable, with respect to such other projects; or

(b) The amount by which the Net Project Cost of this Project exceeds the total of the Local Grants-in-Aid which are actually provided with respect to this Project (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in according with such conditions as the Administrator shall prescribe); or

(c) The amount by which the aggregate of the Net Project Cost of this Project and of all other projects on which contracts for capital grants have been made with the Local Public Agency (or with any other local public agency in the same municipality) exceeds the aggregate of the Local Grants-in-Aid which have been provided (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe) with respect to such projects; or

(d) Eight Million Three Hundred Eighty-Nine Thousand Five Hundred Ninety Six Dollars ($8,389,596.00).

AMENDED 7-11-1963 P. 93

The following is the Loan and Capital Grant Contract attached to the foregoing ordinance:

Loan and Capital Grant Contract

Part I

This Agreement, consisting of this Part I and the Terms and Conditions (URA Form No. H-3155b, dated 2-15, 1960, as amended and modified hereby) forming Part II hereof (which Parts, together, are herein called the "Contract"), made and entered into on the date hereinbelow specified, by and between City of Chicago (herein called the "Local Public Agency") and the United States of America (herein called the "Government"), Witnesseth:

In consideration of the mutual covenants, promises, and representations contained herein, the parties hereto do agree as follows:

Sec. 1. *Purpose of Contract*—The Local Public Agency proposes to carry out a certain urban renewal project (herein called the "Project") in a certain area (herein called the "Urban Renewal Area"), in accordance with the Urban Renewal Plan therefor. The purpose of this Contract is to provide for the extension by the Government to the Local Public Agency of certain Federal financial assistance under Title I of the Housing Act of 1949, as amended by all amendatory Acts (said Title I as so amended being herein sometimes called "Title I"), with respect to the Project, and to state the terms and conditions upon which such assistance will be extended and the understandings of the parties hereto as to the manner in which they contemplate that the Project will be carried out.

Sec. 2. *Project Temporary Loan and Project Definitive Loans.*—The Government will make to the Local Public Agency a temporary loan (herein called the "Project Temporary Loan") and, in case any Project Land is leased by the Local Public Agency to others in conformity herewith, one or more definitive loans, (each such loan being herein called a "Project Definitive Loan"), with respect to the Project; for the purposes, under, and as contemplated by Section 102(a) of Title I. The Project Temporary Loan together with the Project Definitive Loans shall be in an aggregate amount which, together with such other funds, if any, as are supplied for the purpose (not including any loans by the Local Public Agency to the Project), shall be sufficient, but not in excess of that necessary, to enable the Local Public Agency to undertake, carry out, and finance the Project: *Provided, however,* That in no event shall the Project Temporary Loan, the aggregate of the Project Definitive Loans, or the aggregate of the Project Temporary Loan and Project Definitive Loans, outstanding at any one time, exceed Seven Million Three Hundred Twenty-One Thousand dollars ($7,321,000.00).

Sec. 3. *Project Temporary Loan Interest Rates.*—The Project Temporary Loan shall bear interest at the rate or rates (herein called the "Project Temporary Loan Interest Rate") as herein provided. Each payment made by the Government on account of the Project Temporary Loan during the period from the date of this Contract to July 1, 1968 (herein called the "Initial Loan Period"), shall bear interest during the Initial Loan Period on the unrepaid principal amount thereof at the rate of Three and Seven-Eighths per centum (3⅞%) per annum. From and after the expiration of the Initial Loan Period, each payment on account of the Project Temporary Loan, whether made to the Local Public Agency by the Government before or subsequent to the expiration of the Initial Loan Period, shall bear interest on the unrepaid principal amount

thereof to the date of repayment at the rate per annum which shall be furnished to the Local Public Agency by the Government on or about the date of the expiration of the Initial Loan Period, and which interest rate shall be the higher of (a) Three and Seven-Eights per centum (3⅞%) per annum, or (b) the rate (not to exceed, in any event, six per centum (6%) per annum) which shall be equal to the average yield to maturity on all outstanding marketable obligations of the United States having a maturity of approximately 5 years from the first day of May or November, as the case may be, next preceding the expiration of the Initial Loan Period, as determined by the Administrator, upon the advice of the Secretary of the Treasury, by estimating such average yield on the basis of daily closing market bid quotations or prices during the month of May or November, as the case may be, next preceding the expiration of the Initial Loan Period and by adjusting such estimated average yield to the nearest one-eighth of one per centum (⅛%).

Sec. 4. *Project Definitive Loan Interest Rate.*—Each Project Definitive Loan shall bear interest at a rate (herein called the "Project Definitive Loan Interest Rate") which shall be the highest of:

(a) The going Federal rate specified by the Secretary of the Treasury as being applicable to the 6-month period in which the Project Definitive Loan is contracted to be made in conjunction with the execution of a specific lease of Project Land and in terms specific as to the rate of interest to be borne by such Project Definitive Loan; or

(b) The rate of interest for Project Temporary Loans as determined by the Administrator as being applicable to the 6-month period in which any such Project Definitive Loan is contracted to be made in conjunction with the execution of a specific lease of Project Land and in terms specific as to the rate of interest to be borne by such Project Definitive Loan; or

(c) The maximum rate of interest which the Local Public Agency will be able to pay from the proceeds of the annual rents under the specific lease of Project Land to which such Project Definitive Loan is related, which maximum rate shall be based on the assumption that such Project Definitive Loan (i) is in a principal amount equal to the capital value imputed to the Project Land described in such lease, and (ii) is payable, as to both principal and interest, in substantially equal annual amounts in accord with the principles of level debt service over a period of 40 years from the date of such specific lease, and which rate shall be adjusted downward by at least one-eighth of one per centum (⅛%) and not more than one-fourth of one per centum (¼%) to a multiple of one-eighth of one per centum (⅛%).

Sec. 5. *Project Temporary Loan Obligations.*—The principal of an interest on the obligations evidencing the Project Temporary Loan (herein called "Project Temporary Loan Obligations") which are issued by the Local Public Agency for the Project Temporary Loan shall be payable from and shall be secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Temporary Loan Repayment Fund. Subject to the foregoing provisions of this Section, the Project Temporary Loan Obligations shall be in such form and denominations, of such description, payable as to principal and interest at such time or times and at such place or places, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency.

Sec. 6. *Project Definitive Loan Obligations.* — The obligations evidencing each respective Project Definitive Loan (herein called "Project Definitive Loan Obligations") shall be a separate Series for each Project Definitive Loan which is made. The principal of and interest on all such Series of the Project Definitive Loan Obligations (and the premiums payable thereon in case any of the Project Definitive Loan Obligations are callable, at a premium, prior to maturity and are so called) shall be payable primarily from and equally and ratably secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Definitive Loans Repayment Fund, after provision therein to the extent necessary, but only from the lease proceeds therein (such provision to be satisfactory to the Government), for the reasonable and proper costs to the Local Public Agency of its maintenance, management, and administration of its interests in the Project Land from which such lease proceeds are derived. Subject to the foregoing provisions of this Section, the Project Definitive Loan Obligations of each such Series shall be in such form and denominations, of such description, payable as to principal and interest (together with the aforesaid premiums) at such time or times and at such place or places, additionally secured (as to payment of principal, interest, and premiums) in such manner, have such mandatory and optional provisions for their redemption at a premium, prior to their maturity, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency: *Provided,* That the period within which the Project Definitive Loan Obligations of any Series shall be payable shall not exceed 40 years from the date of the Project Definitive Loan Obligations of that Series: *Provided further,* That the term "Project Definitive Loan Obligations", as used in this Contract, may include "Interim Certificates" which may be issued by the Local Public Agency pending its preparation, issuance, and delivery of the definitive bonds or other securities covering a Project Definitive Loan.

Sec. 7. *Project Capital Grant.*—The Government will also make to the Local Public Agency a capital grant for the Project (herein called the "Project Capital Grant") in an amount equal to the least of the following:

(a) The amount by which two-thirds of the Net Project Cost of this Project together with the total of (i) two-thirds of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a two-thirds capital grant basis and (ii) three-fourths of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a three-fourths capital grant basis, exceeds the aggregate of the capital grants which, prior to the payment of the Project Capital Grant herein provided for, have been paid, or finally determined by the Administrator to be

payable, with respect to such other projects; or

(b) The amount by which the Net Project Cost of this Project exceeds the total of the Local Grants-in-Aid which are actually provided with respect to this Project (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe); or

(c) The amount by which the aggregate of the Net Project Cost of this Project and of all other projects on which contracts for capital grants have been made with the Local Public Agency (or with any other local public agency in the same municipality) exceeds the aggregate of the Local Grants-in-Aid which have been provided (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe) with respect to such projects; or

(d) Six Million Two Hundred Forty-Six Thousand Six Hundred Fifty-One dollars ($6,246,651.00).

Sec. 8. *Relocation Payments.*

The Committee on Utilities submitted a report recommending that the City Council pass the following proposed order transmitted therewith (in lieu of a proposed resolution referred to the committee on May 29, 1963):

WHEREAS, The United States Corps of Army Engineers has ordered the removal of the railroad bridges over the Calumet River in the vicinity of E. 125th Street and S. Torrence Avenue to permit ocean-going vessels to enter and use the facilities of the Calumet Harbor; and

WHEREAS, The Calumet Western Railway, the Pennsylvania Railroad and the Chicago and Western Indiana Railroad are making plans for the construction of a new bridge in the vicinity of E. 125th Street and S. Torrence Avenue, part of which development includes the construction of an embankment at E. 127th Street crossing S. Muskegon, S. Manistee and S. Marquette Avenues; and

WHEREAS, This proposed embankment would destroy twelve new homes erected a year ago in conformity with the Chicago Zoning Ordinance and would isolate four families in similar homes from community activities and deprive them of proper access to their homes; and

WHEREAS, It is the opinion of many who have made an intensive study of this subject that there are available several suitable alternate sites for the proposed embankment which would not harmfully affect this residential development; and

WHEREAS, Very likely hearings will be held in the near future by interested governmental agencies on the application of said railroads to construct said embankment; therefore, be it

Ordered, That the Corporation Counsel, in conjunction with the Commissioner of Public Works and the Commissioner of City Planning, be and he is hereby authorized and directed to appear and represent the City of Chicago at any and all hearings held by the Illinois Commerce Commission and/or the Interstate Commerce Commission on this subject, to the end that an alternate site may be selected that will not work a hardship on property owners in the area.

Appeals from Decisions of the Chair.

RULE 12. Any member may appeal to the Council from a ruling of the Chair and the member making the appeal may briefly state his reason for the same, and the Chair may briefly explain his ruling; but there shall be no debate on the appeal and no other member shall participate in the discussion. The Chair shall then put the question, "Shall the decision of the Chair be sustained?" If a majority of the members present vote "No", the decision of the Chair shall be overruled; otherwise, it shall be sustained.

RULE 15. Any matter before the Council may be set down as a special order of business at a time certain, if two-thirds of the aldermen present vote in the affirmative, but not otherwise.

Seconding of Motions Not Required; Written Motions.

RULE 16. No motion in the Council or in committee shall require a second. When a motion is made, it shall be stated by the presiding officer before debate, and every motion in the Council, except motions of procedure, shall be reduced to writing, if required by a member, and the proposer of the motion shall be entitled to the floor.

Withdrawal of Motions.

RULE 17. After the question on a motion or resolution is stated by the presiding officer, it shall be deemed to be in possession of the Council, but may be withdrawn at any time before decision, by consent of the Council.

Division of Questions.

RULE 18. If any question under consideration contains several distinct propositions, the Council by a majority vote of the members present may divide such question.

Record of Motions.

RULE 19. In all cases where a resolution or motion is entered in the journal, the name of the member moving the same shall be entered also.

Taking and Entering of Votes; Explanations of Votes Not Permitted.

RULE 20. If any member require it, the yeas and nays upon any question shall be taken and entered in the Journal; but the yeas and nays shall not be taken unless called for previously to any vote on the question.

When the Clerk has commenced to call the roll of the Council for the taking of a vote by yeas and nays, all debate on the question before the Council shall be deemed concluded, and during the taking of the vote no member shall be permitted to explain his vote but shall respond to the calling of his name by the Clerk by answering "yea" or "nay", as the case may be.

Announcement and Changes of Votes.

RULE 21. The result of all votes by yeas and nays shall not be announced by the Clerk, but shall be handed by him to the presiding officer for announcement, and no vote shall be changed after the tally list has passed from the hands of the Clerk.

4, to lay on the table;

5, the previous question;

8, to defer or postpone to a time certain;

9, to defer or postpone (without reference to time).

Numbers 2, 4 and 5 shall be decided without debate.

RULE 23. A motion to adjourn the Council shall always be in order except

1, when a member is in possession of the floor;

2, when the members are voting;

3, when adjournment was the last preceding motion; and

4, when it has been decided that the previous question shall be taken.

RULE 24. A motion simply to adjourn shall not be subject to amendment, but a motion to adjourn to a time certain shall be.

RULE 25. The Council may at any time adjourn over one or more regular meetings, on a vote of a majority of all the aldermen authorized by law to be elected.

Previous Question.

RULE 26. When the previous question is moved on the main question, it shall be put in this form: "Shall the main question now be put?" RULE 27. A motion simply to lay a question on the table shall not be debatable; but a motion to lay on the table and publish, or with any other condition, shall be subject to amendment and debate.

A motion to take any motion or other proposition from the table may be proposed at the same meeting at which such motion or proposition was laid upon the table, provided two thirds of the aldermen vote therefor.

RULE 28. A motion to lay any particular motion or proposition on the table shall apply to that motion or proposition only. An amendment to the main question or other pending question may be laid on the table and neither the main question nor such other pending question shall be affected thereby.

Postponement; Motion to Defer or Postpone Without Any Reference to Time.

RULE 29. Subject to the provisions of Rule 27, consideration of a motion or other proposition may not be postponed indefinitely. Unless a definite time is set for its subsequent consideration and final action, a motion to defer or postpone, without any reference to time, shall be construed as a motion to postpone to the next succeeding regular meeting.

Motion to Refer.

RULE 30. A motion to refer to a standing committee shall take precedence over a similar motion to refer to a special committee.

Motion to Amend.

RULE 31. A motion to amend an amendment shall be in order, but one to amend an amendment to an amendment shall not be entertained.

RULE 32. An amendment modifying the intention of a motion shall be in order; but an amendment relating to a different subject shall not be in order.

On an amendment to "Strike out and insert", the paragraph to be amended shall first be read as it stands, then the words proposed to be stricken out, then those to be inserted, and finally the paragraph as it will stand if so amended shall be read.

RULE 33. An amendment to the main question or other pending question may be referred to a committee and neither the main question nor such other pending question shall be affected thereby.

Filling of Blanks.

RULE 34. When a blank is to be filled, and different sums or times proposed, the question shall be taken first on the least sum or the longest time.

Motion to Substitute.

RULE 35. A substitute for any original proposition under debate or for any pending amendment to such proposition may be entertained notwithstanding that at such time further amendment is admissible; and if accepted by the Council by vote shall entirely supersede such original proposition or amendment, as the case may be, and cut off all amendments appertaining thereto.

Reconsideration.

RULE 36. A vote or question may be reconsidered at any time during the same meeting, or at the first regular meeting held thereafter. A motion for reconsideration, having been once made and decided in the negative, shall not be renewed, nor shall a motion to reconsider be reconsidered.

RULE 37. A motion to reconsider must be made by a member who voted on the prevailing side of the question to be reconsidered, unless otherwise provided by law; provided, however, that where a motion has received a majority vote in the affirmative, but is declared lost solely on the ground that a greater number of affirmative votes is required by statute for the passage or adoption of such motion, then in such case a motion to reconsider may be made only by a member who voted in the affirmative on such question to be reconsidered.

Resumption of Business After Adjournment.

RULE 38. The Council shall at all regular meetings resume business at the same order on which it was engaged immediately preceding the last adjournment, with the exceptions of orders Nos. 1, 2, 3, 4 and 5 of Rule 3, which shall be called and disposed of before resuming business as herein provided.

(d) the color scheme proposed for use to prevent deception or confusion as to the ownership of the taxicab employed and the identity of the person or persons responsible for the service.

If *the assignee is found to be* qualified the license shall be transferred to him by the Commissioner, subject to payment of a transfer fee of $50.00 and approval by the Commissioner of the insurance required by Sections 28-12 or 28-12.1.

SECTION 6. Section 28-13 of the Municipal Code of Chicago is amended to read as follows:

28-13. *Every licensee shall pay each judgment or award for loss or damage in the operation or use of a taxicab rendered against such licensee* by any court or commission of competent jurisdiction within ninety days after its judgment or award shall have become final and not stayed by supersedeas. *If any such judgment shall not be so paid, the Mayor shall revoke the license of the taxicab concerned.*

SECTION 7. Section 28-15.1 of the Municipal Code of Chicago is amended to read as follows:

28-15.1. *In the event that the Commissioner, after investigation and hearing, shall determine that any licensee has obtained any license for any taxicab by fraud or false representation or wilful misstatement of material fact, or in case any licensee shall fail to carry out any representation made to the Commissioner before the issuance of such license, or shall wilfully make any material misstatement of fact on any statement filed with the Commissioner,* or if any cabman or coachman, while in charge of a public passenger vehicle, as a chauffeur, shall operate any public passenger vehicle in violation of the provisions of this chapter or of the rules and regulations of the Commissioner relating to the administration and enforcement of the provisions of this chapter, the Commissioner may recommend to the Mayor that all public passenger vehicle licenses held by him be revoked and the Mayor, in his discretion, may revoke said licenses.

SECTION 8. Section 28-22 of the Municipal Code of Chicago is amended to read as follows:

28-22. Every taxicab shall be operated regularly to the extent reasonably necessary to meet the public demand for service. If the service of any taxicab is discontinued for any reason except on account of strike, act of God, *shortages of labor, gasoline or other necessary materials* or cause beyond the control of the cabman, the Commissioner may give written notice to the cabman to restore the taxicab to service, and if it is not restored within five days after notice, the Commissioner may recommend to the Mayor that the taxicab license be revoked and the Mayor, in his discretion, may revoke same. *Provided, however, that whenever the total operating expenses except Federal income taxes, of all taxicab licensees shall for the previous six-month period exceed 86% of such licensees' gross fares, any licensee may elect to temporarily discontinue operation of such number of taxicabs as herein provided. In determining the number of such taxicabs to be discontinued temporarily, the following formula shall be used: in the event the operating expenses, as reflected by the reports required of the licensees every six months, equal 87½% of such gross fares, licensee may lay up not to exceed 10% of its total licensed taxicabs; if such expenses equal 89% of such gross fares, the licensees may lay up to 20% of its total licensed*

taxicabs; if such expenses equal 90½% or more of such gross fares, it may lay up to 25% of its licensed taxicabs.

SECTION 9. Section 28-22.1 of the Municipal Code of Chicago is amended to read as follows:

28-22.1. *(a) The maximum number of taxicab licenses to be issued shall be 4600, public convenience and necessity and the safety of existing vehicular and pedestrian traffic requiring such limitation. Each person who is, on the effective date of this ordinance, the owner of one or more uncancelled, unsurrendered and unrevoked licenses issued for the year 1963 under or pursuant to the ordinances in effect on the date of passage of this ordinance, shall be entitled to one license hereunder for each such license now owned by him.*

(b) On January 1, 1964 (or as soon thereafter as may be convenient) and on each January 1 thereafter, the Commissioner, upon application therefor, shall issue to each taxicab licensee hereunder, one such license for each unrevoked, uncancelled, and unsurrendered taxicab license owned by such licensee on the December 31 next preceding.

(c) The Council, through its Committee on Local Transportation may, and at the request of the holders of a majority of the licenses at any time outstanding shall within sixty days after such request, hold hearings not oftener than once in each period of twelve consecutive months to determine whether public convenience and necessity may require additional taxicab service. At such hearings, the Committee shall consider:

(I) the effect of an increase in the number of such vehicles on the safety of existing vehicular and pedestrian traffic;

(II) the public demand for the service;

(III) the effect of additional taxicabs on the wages or other compensation, hours and conditions of service of licensed drivers of vehicles then operating and previously licensed;

(IV) the effect of an increase of competition with existing service on the cost of rendering such service;

(V) the effect of additional licenses on the rates of fare which the Council may be required to revise under Section 28-30 hereof.

Notices of such public hearings containing the time and place thereof shall be published and a copy of such notices shall be mailed to every licensee. At such hearings each licensee shall submit a sworn statement of all gross fares collected and of all operating expenses exclusive of Federal income taxes incurred during the immediately preceding period of twelve full calendar months. The Committee may continue any public hearing from time to time without further notice by publication. At such hearings, testimony shall be given under the oath or affirmation of each witness. At any such hearing, any licensee, in person or by attorney, shall have the right to examine or cross-examine any applicant or witness and to introduce evidence.

At the conclusion of such hearings, the Committee shall report to the Council its findings and recommendations, if any. The Council shall then determine whether any additional licenses are required to be issued in order to satisfy the public convenience and necessity therefor. In no event shall the Council authorize the issuance of any additional licenses unless during the twelve months period considered by said Committee at said hearings the combined total operating expenses of all licensees, exclusive of Federal income taxes, submitting the aforesaid sworn statements (provided they constitute the holders of at least a majority of all outstanding licenses) have been not more than 84½% of their combined gross fares for such period and the Council shall have determined to allow the existing rates of fare to remain unchanged as permitted by Section 28-30 hereof. The number of additional licenses, the issuance of which may be authorized by the Council at any time, shall be limited to 1½% of the total number of licenses then outstanding for each1½% by which the aforesaid combined total expenses is less than 86% of the aforesaid combined gross fares.

(d) If the Council shall authorize the issuance of additional licenses, they shall be issued on application:

(I) to licensees then holding more than one license, the same proportion of the number of licenses to be issued as the number of licenses then held by such licensee bears to the total number of licenses then outstanding, giving no effect to fractions of licenses; and

(II) the balance to individual applicants who are not then licensees, one license to each on the basis of whichever applicants are best qualified in the opinion of the Commissioner.

SECTION 10. Section 28-29 of the Municipal Code of Chicago is amended to read as follows:

28-29. Group riding is prohibited in taxicabs, except as directed by the passenger first engaging the taxicab. Not more than *six* passengers shall be accepted for transportation on any trip; provided that additional passengers under twelve years of age accompanied by an adult passenger shall be accepted if the taxicab has seating capacity for them.

SECTION 11. Section 28-30 of the Municipal Code of Chicago is amended to read as follows:

28-30. *(a) Commencing with the effective date of this ordinance,* the rates of fare for taxicabs *while being operated between a point of origin and a destination within the corporate limits of the City shall be as set forth in the following schedule, which rates are hereby declared to be just and reasonable:*

For the first ¼ mile or fraction thereof	*40c*
For each additional 2/5 mile or fraction thereof	10c
For each *two* minutes of waiting time	10c
For each additional passenger of 12 years or more	20c

Waiting time shall include the time beginning *two* minutes after call time at the place to which the taxicab has been called, when it is not in motion, the time consumed by unavoidable delays at street intersections, bridges or elsewhere and the time consumed while standing at the direction of a passenger.

Every passenger under twelve years of age when accompanied by an adult shall be carried without charge.

Ordinary hand baggage of passengers shall be carried without charge.

Immediately on arrival at the passenger's destination it shall be the duty of the chauffeur to throw the taximeter lever to the non-recording position and to call the passenger's attention to the fare registered.

It is unlawful for any person to demand or collect any fare for taxicab service which is more

or less than the rates established by the foregoing schedule, or for any passenger to refuse payment of the fare so registered.

(b) The Council may from time to time revise the rates of fare by general ordinance in conformity with the provisions hereinafter set forth. Rates of fare shall be deemed just and reasonable when the combined total of all operating expenses exclusive of Federal income taxes of licensees hereunder during any period of twelve consecutive months approximate 86% of their combined gross fares for such period. The Council, through its Committee on Local Transportation, may, and upon the application of the holders of not less than a majority of the licenses issued hereunder, shall, within sixty days after such application, hold hearings (but not oftener than once in each period of twelve consecutive months) to determine whether a revision of the rates of fare is necessary. At such hearings each licensee shall submit a sworn statement of all gross fares collected and of all such expenses incurred during the immediately preceding period of twelve full calendar months. Said Committee shall report to the Council the combined gross fares and the combined total of all such expenses for such period of all licensees (or if all of the licensees have not submitted such statements, of those licensees submitting the same provided they constitute the holders of at least a majority of all outstanding licenses) and the amount of the difference, if any, between such combined expenses and 86% of such combined gross fares. If the combined total of such expenses has exceeded 86% of such combined gross fares, the Council shall increase the rates of fare by 5c per trip for each 1½% portion of such excess over 86%. If such combined expenses have been less than 86% of such combined gross fares, the Council may either decrease the rates of fare by 5c per trip for each 1½% portion of such deficiency below 86%, or the Council may allow the rates of fare to remain unchanged and may authorize, under Section 28-22.1 hereof, the issuance of additional taxicab licenses in an amount aggregating 1½% of the total number of licenses then outstanding for each 1½% portion of such deficiency below 86%.

Any revision of rates of fare may be made by a change in the charge for or the length of the first designated portion of the trip, or by a change in the charge for the balance of the trip, for waiting time or for each additional passenger or by any combination of such charges. In making any such revision, the Council may presume the average length of a trip to be as established by current records of the licensees.

SECTION 12. Section 28-30.1 of the Municipal Code of Chicago is amended to read as follows:

28-30.1. Every cabman, *corporation* and affiliate shall keep and provide accurate books and records of account of his operations at his place of business in the city. On or before May 1 of each year, every cabman, *corporation* and affiliate shall file with the Commissioner a profit and loss statement for the preceding calendar year, showing all his earnings and expenditures for operation, maintenance and repair of property, depreciation expense, premiums paid for workmen's compensation and public liability insurance, and taxes paid for unemployment insurance and social security, and all state and local license fees, property taxes and Federal income taxes, and a balance sheet taken at the close of said year.

The Commissioner, or the authorized committee of the Council, shall have access to the property, books, contracts, accounts and records during normal business hours at said place of business, for such information as may be required for the effective administration and enforcement of the provisions of this chapter, or for the adoption of any ordinances, rules or regulations affecting taxicab operations.

In addition to the foregoing reports, each cabman shall within thirty days after the six months' period ended December 31 and within thirty days after the six months' period ended June 30 of each year file a sworn statement with the Commissioner showing his gross fares collected and his operating expenses for the six months immediately preceding said dates.

SECTION 13. The Municipal Code of Chicago is amended by adding Section 28-31.1 to read as follows:

28-31.1. Nothing in this ordinance shall be construed to limit the City in the exercise of its police powers and the City hereby expressly reserves the right to pass all reasonable ordinances and regulations affecting the licensees which may be necessary to promote or secure health, safety, morals, comfort, and general welfare; provided, however, that no ordinance or regulations shall hereafter authorize the issuance of any license for a taxicab nor shall any such license hereafter be issued except upon transfer or to permit replacement of a taxicab or in the annual renewal of such license and except as provided in Section 28-22.1 hereof.

SECTION 14. The Municipal Code of Chicago is amended by adding Section 28-31.2 to read as follows:

28-31.2. No license which has been revoked, surrendered, cancelled or not applied for within a period of seven months after such license application is due, shall hereafter be issued.

SECTION 15. The Municipal Code of Chicago is amended by adding Section 28-33 to read as follows:

28-33. SECTION 16. The Municipal Code of Chicago is amended by adding Section 28-34 to read as follows:

SECTION 17. The Municipal Code of Chicago is amended by adding Section 28-35 to read as follows:

28-35. The invalidity of any section or part of any section of this ordinance shall not affect the validity of any other section or part thereof.
